Repackaging Christianity Andrew Atherstone, 2022-07-21 The story of Alpha is of major significance for understanding the place of religious faith in the modern world but that story has never been told until now Since its launch in 1993 the Alpha movement has evolved from supper party evangelism in the Kensington suburbs into a global brand of Christian outreach Today over a million people attend Alpha every year but the history of its rise to popularity has never been documented What caused such spiritual renewal in an age of scepticism And what propelled Alpha into a phenomenon that is recognised across the globe Alpha is far more than an introductory course to Christianity At the core of its brand identity is a repackaging of the Christian message for contemporary audiences Innovation and cultural adaptability are built into Alpha's DNA one of the chief reasons for its longevity and influence Nimble utilising the multimedia and digital revolutions it has contextualised into cultures and languages across the planet And led by charismatic savvy individuals it has attracted people from across the social spectrum making waves in national media Andrew Atherstone leaves no stone unturned as he presents this fascinating history With exclusive access to original archives Atherstone recounts the miraculous stories of HTB's early years the first full account of Nicky Gumbel's conversion and the strategic decisions that launched Alpha onto the global stage of Christian influence With sharp historical analysis Andrew Atherstone uncovers the story of Christian resurgence in our contemporary age
