

Movie Review: Django

Orientation:

Django- Unchained is actually the remake of 70's film *Django*, with the same basic story about a cowboy's life. However, you will not get only about that in this brand new *Django- Unchained*, because there are so many conflicts in the story that could get us involved into this drama-action film. The act of the actors and the actors is definitely make us who have watched, feel the untamed life in the time before the United States Civil War.

Interpretative Recount:

Django (Jamie Foxx) who is a black skin slave, struggling to survive while being sold too many plantation. He also separated from his wife Broomhilda (Kerry Washington), who is also sold to everywhere, as a slave. Coincidentally, *Django* met Dr King Schultz (Christopher Waltz), who has a side work as bounty hunters. Turns out *Django* knew about some people, who are a wanted man, who is being hunt by Dr Schultz. *Django* and doctor then making a deal, which is to search those people, find them, and kill them. In addition, as a reward, *Django* will be given 1/3 of the victims price. Soon after they found the wanted men, they successfully killed them. Dr Schultz then knew that *Django* has a great ability to use a rifle gun. Dr Schultz then offering to *Django* to work with him during winter season, and Dr Schultz promised to help him finding his wife, *Django* then agree. After collecting some money during winter season, they got an information that Broomhilda is working at Candy Land, owned by Calvin Candy (Leonardo DiCaprio), a great merchant from Mississippi. Not long after that, they finally met Mr. Candy and they finally can get into his house after they act as businessman who want to have a trade. In Calvin Candy's house they met his head slaver Stephen (Samuel L Jackson) and Broomhilda. But soon Stephen knows about their plan to take Broomhilda runaway, because there are no other options. Dr Schultz shot Mr. Candy. Some shooting then happened, but after almost killing, all men who wants to get him *Django* Surrender. Tomorrow after incident, Stephen trying to sell *Django* to another merchant. But *Django* successfully escaped. He then planning to make a revenge against Stephen and rest of Calvin Candy's family. He made it then, exploding Calvin Candy's house with some dynamite, and take Broomhilda away.

Evaluation:

Everyone who have watch it has rated *Django- unchained* as a drama-action film high. Quentin Tarantino as a producer could interpretative the hard life when slavery contaminating United States of America. At some reasons this film tells us that slavery is not a good thing, so is apartheid. The way of the story flows is *is*, not difficult to be followed, but still containing quite tensions due to some conflicts in it. This film must be one of the best drama film in 2012. We will not bored to watch this film, because the scene is almost a perfection, with a very little mistakes and the setting of the places is just wonderful. Those things is vital to hold the strength of the theme. *Django- Unchained* also has a good quality of sound display. The remake of song "*Django*" by Lutz Bacalov into English is perfect, and the combination between it and some modern song is fully balanced. For the characterization, Jamie Foxx, Christopher Waltz, Leo DiCaprio, Kerry Washington and Samuel L Jackson as the main character has definitely done a great job. However, it is not so surprising because they are all well known as a highly reputed actors and actor. It is very difficult to found the weaknesses of this film. Because as you know this film is make by many professional crew team from Quentin Tarantino.

Conclusion:

For the Action lover film, this film is perfect for you. However, don't make any mistakes because the drama in this film is also brilliant. So for those who haven't, you are strongly recommended to watch this movie.

Writing in Film Studies, from Professional Practice to Practical Pedagogy Bryan Mead,2024-01-09 A common refrain heard from instructors in offices across the world is that students have a hard time producing quality written discourse. This is no different in the world of film studies where many undergraduate students struggle to cogently discuss the films they watch in class. How can film instructors help students become better writers? This book answers this question by first uncovering the disciplinary expectations we have for students and then offering strategies to explicitly teach those expectations in the classroom. This book examines and identifies the disciplinary conventions of professional film studies discourse along with the expectations we have for student writing in undergraduate film courses. What becomes clear from this analysis is that the pedagogical expectations we have for students are aligned with and shaped by professional writing in the discipline. It helps to uncover the argument types instructors take for granted and helps those teaching undergraduate students not only to know what those expectations are but also how to use that knowledge to foster better student writing.
