Dear Immigration Officer,

My name is Jhone Hule, and I am writing to express my full support for my mother, Torri Huske, in her application for immigration. Over the years, my mother has been a source of immense support, both emotionally and practically, not only to me but also to our entire family. She has always put others before herself, and her commitment to her family and community is admirable.

Torri has played an essential role in raising her grandchildren, providing them with a loving and nurturing environment. Her guidance and support have been instrumental in their growth and development. Beyond her contributions to our family, she has also been actively involved in community activities, such as volunteering at local shelters and participating in neighborhood events to support those in need. Her generosity and dedication to helping others have made her a cherished member of our community.

My mother is a hardworking and dependable person who has always been willing to lend a helping hand to anyone in need. She has consistently demonstrated qualities of kindness, integrity, and compassion throughout her life. I am confident that, if given the opportunity to reside here, she will continue to contribute positively to the community and provide invaluable support to her family.

I fully support Torri Huske's immigration application, as I believe she will be an asset to both our family and the community at large. If you require any additional information or have any questions, please feel free to contact me at 987-654-3210 or via email at jhone.hule@example.com.

Thank you for considering my letter of support.

Sincerely,

Jhone Hule

Sample Letters Of Support From Parents:

Implementing Positive Behavior Support Systems in Early Childhood and Elementary Settings Melissa Stormont, 2008
The book's strengths are its practical information and the specific ways of looking at expectations and developing a common language. The forms included will be of great benefit to school teams. Susan Safarik, Supervisor, Department of Special Education, Lincoln Public Schools, NE. Provides a lot of research and breaks down the processes for implementing positive behavior supports effectively in schools. Step by step directions, sample forms, and examples make the processes easy to incorporate and understand. Julia DeGarmo, Special Education Specialist, Columbus City Schools, OH. Learn how to teach and support appropriate behavior and build confidence in young children. This easy to read resource presents the Programwide Schoolwide Positive Behavioral Support (PW-SWPBS) system, a preventive research-based approach that helps educators teach classroom behavior skills the same way they teach academic skills. The authors outline the PW-SWPBS model, describe the core practices, and provide case examples to aid implementation. Key features of this instruction-based system include: Differing levels of intervention to meet individual student needs; Clearly stated behavioral expectations; Consistent acknowledgment of students' mastery of expectations; Systematic use of consequences for problem behavior. This user-friendly text makes the principles of PW-SWPBS easy to apply for educators who are committed to helping young students establish positive behavioral habits that will make learning a joy for all.

Caring for Mom and Dad Susan Stein-Roggenbuck, 2023-10-05. Throughout the twentieth century the United States implemented social policies targeting the needs of dependent parents: parents who were no longer able to work but lacked sufficient financial resources to support themselves. These parent dependency policies either encouraged or required family members, particularly adult children, to provide support as an alternative to government benefits. Debates over how best to support aging parents centered on conceptualizations of dependency and the moral obligations family owed their parents. Measures of dependency often inhibited aging Americans access to benefits they needed, focusing instead on ensuring that they were in fact dependent and that other family resources were not available. Susan Stein-Roggenbuck highlights this understudied aspect of the modern US welfare state, highlighting the limited support provided to aging parents and the hardship they and their adult children endured in the efforts to minimize public expenditures.
