**Making Autism a Gift** Robert E. Cimera, 2007-01-11 Despite new research and increased public awareness autism is still looked at in a negative light Most books on the subject perpetuate this notion by saying that autism is bad or needs to be overcome rather than highlighting the positive for instance many people with autism graduate from college attain exciting careers and lead happy fulfilling lives Making Autism a Gift emphasizes these positive realities and tears down the wall of isolation associated with this disorder With information from hundreds of up to date sources this practical book looks at the effects of autism on the individual and provides strategies parents can use to help their autistic children at home and beyond

**Reading, Thinking, and Writing About History** Chauncey Monte-Sano, Susan De La Paz, Mark Felton, 2014 Although the Common Core and C3 Framework highlight literacy and inquiry as central goals for social studies they do not offer guidelines assessments or curriculum resources This practical guide presents six research tested historical investigations along with all corresponding teaching materials and tools that have improved the historical thinking and argumentative writing of academically diverse students Each investigation integrates reading analysis planning composing and reflection into a writing process that results in an argumentative history essay Primary sources have been modified to allow struggling readers access to the material Web links to original unmodified primary sources are also provided along

with other sources to extend investigations The authors include sample student essays from each investigation to illustrate the progress of two different learners and explain how to support students development Each chapter includes these helpful sections Historical Background Literacy Practices Students Will Learn How to Teach This Investigation How Might Students Respond Student Writing and Teacher Feedback Lesson Plans and Materials Book Features Integrates literacy and inquiry with core U S history topics Emphasizes argumentative writing a key requirement of the Common Core Offers explicit guidance for instruction with classroom ready materials Provides primary sources for differentiated instruction Explains a curriculum appropriate for students who struggle with reading as well as more advanced readers Models how to transition over time from more explicit instruction to teacher coaching and greater student independence The tools this book provides from graphic organizers to lesson plans to the accompanying documents demystify the writing process and offer a sequenced path toward attaining proficiency From the Foreword by Sam Wineburg co author of Reading Like a Historian Assuming literate practice to be at the core of history learning and historical practice the authors provide actual units of history instruction that can be immediately applied to classroom teaching These units make visible how a cognitive apprenticeship approach enhances history and historical literacy learning and ensure a supported transition to teaching history in accordance with Common Core State Standards Elizabeth Moje Arthur F Thurnau Professor School of Education University of Michigan The C3 Framework for Social Studies State Standards and the Common Core State Standards challenge students to investigate complex ideas think critically and apply knowledge in real world settings This extraordinary book provides tried and true practical tools and step by step directions for social studies to meet these goals and prepare students for college career and civic life in the 21st century Michelle M Herczog president National Council for the Social Studies

**Naturebot** James Barilla,2021-03-14 Naturebot Unconventional Visions of Nature presents a humanities oriented addition to the literature on biomimetics and bioinspiration an interdisciplinary field which investigates what it means to mimic nature with technology This technology mirrors the biodiversity of nature and it is precisely this creation of technological metaphors for the intricate workings of the natural world that is the real subject of Naturebot Over the course of the book Barilla applies the narrative conventions of the nature writing genre to this unconventional vision of nature contrasting the traditional tropes and questions of natural history with an expanding menagerie of creatures that defy conventional categories of natural and artificial In keeping with its nature writing approach the book takes us to where we can encounter these creatures examining the technological models and the biotic specimens that inspired them In doing so it contemplates the future of the human relationship to the environment and the future of nature writing in the 21st century This book will be of great interest to students and scholars of biomimetics environmental literary studies ecocriticism and the environmental humanities *Democracy in International Law-Making* Salar Abbasi,2021-12-20 This book provides a critique of current international law making and draws on a set of principles from Persian philosophers to present an alternative to

influence the development of international law making procedure The work conceptualizes a substantive notion of democracy in order to regulate international law making mechanisms under a set of principles developed between the twelfth and seventeenth centuries in Persia What the author here names democratic egalitarian multilateralism is founded on the idea of egalitarian law by Suhrawardi the account of substantial motion by Mulla Sadra and the ideal of intercultural dialectical democracy developed by R m Following a discussion of the conceptual flaws of the chartered and customary sources of international law it is argued that democratic egalitarian multilateralism could be a source for a set of principles to regulate the procedures through which international treaties are made as well as a criterion for customary international law ascertainment Presenting an alternative drawn from a less dominant culture to the established ideas of international law making the book will be essential reading for researchers and academics working in public international law history of law legal theory comparative legal theory Islamic law and history The Independent ,1878 The Athenaeum ,1891
