into loving one of the daughters Jane Austen makes a point to explain that the Bingleys acquired their wealth by trade rather than through the gentry's and aristocracy's methods of inheriting estates and making money off their tenants as landlords. The author explores the differences between Old Money and New Money. Old Money is considered good, New money is considered bad. In our modern era we have the opposite view. We think as good the people who made their money. The old fashioned way by working for it whereas the idle rich who just collect rents from tenants who live on land they inherited are not good. In *Pride and Prejudice* Darcy and the Bennets are all Old money people.
