Mapping the Americas Shari M. Huhndorf, 2011-02-23 In *Mapping the Americas* Shari M Huhndorf tracks changing conceptions of Native culture as it increasingly transcends national boundaries and takes up vital concerns such as patriarchy labor and environmental exploitation the emergence of pan Native urban communities global imperialism and the commodification of indigenous cultures While nationalism remains a dominant anticolonial strategy in indigenous contexts Huhndorf examines the ways in which transnational indigenous politics have reshaped Native culture especially novels films photography and performance in the United States and Canada since the 1980s *Mapping the Americas* thus broadens the political paradigms that have dominated recent critical work in Native studies as well as the geographies that provide its focus particularly through its engagement with the Arctic Among the manifestations of these new tendencies in Native culture that Huhndorf presents are Igloodik Isuma Productions the Inuit company that has produced nearly forty films including *Atanarjuat The Fast Runner* indigenous feminist playwrights Leslie Marmon Silko's *Almanac of the Dead* and the multimedia artist Shelley Niro Huhndorf also addresses the neglect of Native America by champions of postnationalist American studies which shifts attention away from ongoing colonial relationships between the United States and indigenous communities within its borders to U S imperial relations overseas This is a dangerous oversight Huhndorf argues because this neglect risks repeating the disavowal of imperialism that the new American studies takes to task Parallel transnational tendencies in American studies and Native American studies have thus worked at cross purposes as pan tribal alliances draw attention to U S internal colonialism and its connections to global imperialism American studies deflects attention from these ongoing processes of conquest *Mapping the Americas* addresses this neglect by considering what happens to American studies when you put Native studies at the center *The World Encyclopedia of Contemporary Theatre* Don Rubin, Carlos

Solórzano, Carlos Solorzano, 2000-09-21 Now available in paperback for the first time this volume covers the Americas from Canada to Argentina including the United States An indispensable tool for anyone interested in the cultures of the Americas or in modern theatre *Crossing Waters, Crossing Worlds* Tiya Miles, Sharon Patricia Holland, 2006 Combines histories of the complex interactions between blacks and Natives in North America with examples and readings of art that has emerged from those exchanges *Towards a Transcultural Future* Peter H. Marsden, Geoffrey V. Makaryk, Kathryn Prince, 2017-03-08 Shakespeare in Canada is the result of a collective desire to explore the role that Shakespeare has played in Canada over the past two hundred years but also to comprehend the way our country's culture has influenced our interpretation of his literary career and heritage What function does Shakespeare serve in Canada today How has he been reconfigured in different ways for particular Canadian contexts The authors of this book attempt to answer these questions while imagining what the future might hold for William Shakespeare in Canada Covering the Stratford Festival the cult CBC television program *Slings and Arrows* major Canadian critics such as Northrop Frye and Marshall McLuhan the influential acting teacher Neil Freiman the rise of *Quebecois* and First Nation approaches to Shakespeare and Shakespeare's place in secondary schools today this collection reflects the diversity and energy of Shakespeare's afterlife in Canada Collectively the authors suggest that Shakespeare continues to offer Canadians remembrance of ourselves This is a refreshingly original and impressive contribution to Shakespeare studies a considerable achievement in any work on the history of one of the central figures in the western literary canon *Violence in American Drama* Alfonso Ceballos Muñoz, Ramón Espejo Romero, Bernardo Muñoz Martínez, 2011-09-29 This interdisciplinary collection of 19 essays addresses violence on the American stage Topics include the revolutionary period and the role of violence in establishing national identity violence by and against ethnic groups and females as perpetrators and victims as well as state and psychological violence and violence within the family The book works to assess whether representing violence may cause its cessation or whether it generates further destruction Featured playwrights include Susan Glaspell Sophie Treadwell Tennessee Williams William Inge Amiri Baraka Luis Valdez Cherrie Moraga Sam Shepard Tony Kushner Neil LaBute John Guare Rebecca Gilman and Heather MacDonald **Political Adaptation in Canadian Theatre** Kailin Wright, 2020-09-23 In Canada adaptation is a national mode of survival but it is also a way to create radical change Throughout history Canadians have been inheritors and adaptors of political systems stories and customs from the old world and the new More than updating popular narratives adaptation informs understandings of culture race gender and sexuality as well as individual experiences In Political

Adaptation in Canadian Theatre Kailin Wright investigates adaptations that retell popular stories with a political purpose and examines how they acknowledge diverse realities and transform our past Political Adaptation in Canadian Theatre explores adaptations of Canadian history Shakespeare Greek mythologies and Indigenous history by playwrights who identify as English Canadian African Canadian French Canadian Kuna Rappahannock and Delaware from the Six Nations Along with new considerations of the activist potential of popular Canadian theatre this book outlines eight strategies that adaptors employ to challenge conceptions of what it means to be Indigenous Black queer or female Recent cancellations of theatre productions whose creators borrowed elements from minority cultures demonstrate the need for a distinction between political adaptation and cultural appropriation Wright builds on Linda Hutcheon's definition of adaptation as repetition with difference and applies identification theory to illustrate how political adaptation at once underlines and undermines its canonical source An exciting intervention in adaptation studies Political Adaptation in Canadian Theatre unsettles the dynamics of popular and political theatre and rethinks the ways performance can contribute to how one country defines itself
