## **Sasun The History Of An 1890s Armenian Revolt:**

*Sasun* Justin McCarthy,Omer Turan,Cemalettin Taskiran,2014-11-15      **Sasun** Justin McCarthy,mer Turan,Cemalettin Taskiran,Cemalettin Taşkıran,2014 Sasun a region of Anatolia formerly under Ottoman rule and today part of eastern Turkey is frequently recounted in history books as the site where in 1894 the Turks murdered anywhere from 3 000 to 10 000 Armenian Christians News reports at the time detailed that gruesome acts including torture had occurred at Sasun at the hands of the Ottoman army The Ottoman Empire denied these allegations A commission of European delegates sent to investigate the matter concluded that the news reports were highly exaggerated yet the original stories of atrocities have persisted This volume provides a close examination of the historical evidence to shed light on what really happened at Sasun The authors research indicates that the stories circulated by the media of torture and murder in Sasun don t hold up against the findings of the European investigators though they were motivated by sympathy with Armenian Christians Evidence instead showed that an Armenian revolt had led to fights with local Kurds and much smaller numbers of deaths on both sides The conflict had largely subsided before the arrival of the Ottoman army on the scene      **Age of Rogues** Alp

Yenen,Ramazan Hakk?? ??ztan,2021-06-01 In *Age of Rogues* leading scholars engage with themes of historical and cultural legacies contentious interactions within imperial regimes and the biographical trajectory of men and women who challenged the political status quo of their time Rebels revolutionaries and racketeers played central roles in the violent process of imperial disintegration as it unfolded in the frontiers of the Ottoman Habsburg Romanov and Qajar empires This is a history of these transgressive actors from the late 19th century to the interwar years This time was marked by similar if not shared revolutionary experiences and repertoires of contention across the connected geography of the Balkans the Middle East and the Caucasus      Ottoman Passports İlkey Yılmaz,2023-10-15 In *Ottoman Passports* lkay Y lmaz reconsiders the history of

two political issues the Armenian and Macedonian questions approaching both through the lens of mobility restrictions during the late Ottoman Empire from 1876 to 1908 Y lmaz investigates how Ottoman security perceptions and travel regulations were directly linked to transnational security regimes battling against anarchism The Hamidian government targeted internal threats to the regime with security policies that created new categories of suspects benefiting from the concepts of vagrant conspirator and anarchist Y lmaz explores how mobility restrictions and the use of passports became critical to targeting groups including Armenians Bulgarians seasonal and foreign workers and revolutionaries Taking up these new policies on surveillance mobility and control *Ottoman Passports* offers a timely look at the origins of contemporary immigration debates and the historical development of discrimination terrorism and counterterrorism      **Historical**

**Dictionary of Turkey** Metin Heper,Duygu Öztürk,Nur Bilge Criss,2018-05-23 The fourth edition of *Historical Dictionary of Turkey* covers Ottoman Empire and the Republic of Turkey through a time span of more than six centuries It presents the basic characteristics of the two periods and traces the developments from an empire to a state nation from tradition to

modernity from a sultanate to a republic and from modest country to a country that is already a regional power and further aspiring becoming a country to be reckoned with This is done through a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 900 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Turkey

*Tajikistan on the Move* Marlene Laruelle, 2018-05-25 The southernmost and poorest state of the Eurasian space Tajikistan collapsed immediately upon the fall of the Soviet Union and plunged into a bloody five year civil war 1992 1997 that left more than 50 000 people dead and more than half a million displaced After the 1997 Peace Agreements Tajikistan stood out for being the only post Soviet country to recognize an Islamic party the Islamic Renaissance Party of Tajikistan IRPT as a key actor in the civil war as well as in postwar reconstruction and democratization Tajikistan s linguistic and cultural proximity to Iran notwithstanding the balance of external powers over the country remains fairly typical of Central Asia with Russia as the major security provider and China as its principal investor Another specificity of Tajikistan is its massive labor migration flows toward Russia Out of a population of eight million about one million work abroad seasonally one of the highest rates of departure in the world Migration trends have impacted Tajikistan s economy and rent mechanisms half of the country s GDP comes from migrant remittances a higher share than anywhere else in the world However it is in the societal and cultural realms that migration has had the most transformative effect Migrants cultural and societal identities are on the move with a growing role given to Islam as a normative tool for regulating the cultural shock of migration Islam and especially a globalized fundamentalist pietist movement regulates both physical and moral security in workplace and other settings and brings migrants together to make their interactions meaningful and socio politically relevant It offers a new social prestige to those who work in an environment seen as threatening to their Islamic identity The first section of this volume investigates the critical question of the nature of the Tajik political regime its stability legitimacy mechanisms and patterns of centralization In the volume s second part we move away from studying the state to delve into the societal fabric of Tajikistan shaped by local rural specificities and social vulnerabilities in the health sector and gender relationships The third section of the volume is devoted to identity narratives and changes While the Tajik regime works hard to control the national narrative and the interpretation of the civil war society is literally and figuratively on the move as migration profoundly reshapes societal structures and cultural values

*Brokers of Faith, Brokers of Empire* Richard E. Antaramian, 2020-06-02 The Ottoman Empire enforced imperial rule through its management of diversity For centuries non Muslim religious institutions such as the Armenian Church were charged with guaranteeing their flocks loyalty to the sultan Rather than being passive subjects Armenian elites both the clergy and laity strategically wove the institutions of the Armenian Church and thus the Armenian community itself into the fabric of imperial society In so doing Armenian elites became powerful brokers between factions in Ottoman politics until the politics of nineteenth century reform changed

these relationships In *Brokers of Faith Brokers of Empire* Richard E Antaramian presents a revisionist account of Ottoman reform relating the contention within the Armenian community to broader imperial politics Reform afforded Armenians the opportunity to recast themselves as partners of the state rather than as brokers among factions And in the course of pursuing such programs they transformed the community s role in imperial society As the Ottoman reform program changed how religious difference could be employed in a Muslim empire Armenian clergymen found themselves enmeshed in high stakes political and social contests that would have deadly consequences **The Armenian Genocide** Jon Kirakosyan,1992

**The Armenian Rebellion at Van** Justin McCarthy,2006-09-29 Presents a long overdue examination of the actions at Van an ancient city in southeastern Anatolia where the Armenian Revolt is believed to have been a precursor to a great massacre of the people of the East *Arab Historiography on the Armenian Genocide* Nikolai Oganessovich Oganessian,2005

**Destroy Them Gradually** Andrew R. Basso,2024-02-16 Perpetrators of mass atrocities have used displacement to transport victims to killing sites or extermination camps to transfer victims to sites of forced labor and attrition to ethnically homogenize regions by moving victims out of their homes and lands and to destroy populations by depriving them of vital daily needs Displacement has been treated as a corollary practice to crimes committed not a central aspect of their perpetration *Destroying Them Gradually* examines four cases that illuminate why perpetrators have destroyed populations using displacement policies Germany s genocide of the Herero 1904 1908 Ottoman genocides of Christian minorities 1914 1925 expulsions of Germans from East Central Europe 1943 1952 and climate violence twenty first century Because displacement has been typically framed as a secondary aspect of mass atrocities existing scholarship overlooks how perpetrators use it as a means of executing destruction rather than a vehicle for moving people to a specific location to commit atrocities **Problems of Genocide** ,1997 *Review of Armenian Studies* ,2002 *The Modern Encyclopedia of Russian and Soviet History* Joseph L. Wiczynski,1976 *Harvard Encyclopedia of American Ethnic Groups* Stephan Thernstrom,1980 This comprehensive work details the specifics on over 100 ethnic groups and presents comparative or thematic treatments of another 30 topics related to immigration and identity maintenance **The Armenian Review** ,1978

**Index Islamicus 1976-1980** Wolfgang Behn,1983 *The Political Integration of an Immigrant Community Into a Composite Society* Nikola B. Schahgaldian,1982 *Index Islamicus* ,1976 **The Armenian Massacres, 1894-1896** Arman Dzhonovich Kirakosian,2004 The 1915 massacre of the Armenians by reactionary Ottoman Government foreshadowed a horrifying trend of genocide that would characterize much of the twentieth century Yet not so much is known about the Armenian massacres of the 1890s and how they set the stage for the events of 1915 This compilation of articles published in the U S periodicals between 1895 and 1899 reflects the deep concern of the American public for the Armenian people and also offers a fascinating window onto the world politics of the time especially on the challenges of coordinating international action once news of the massacres began to emerge Throughout these thirty five reprinted articles written by

American diplomats missionaries journalists religious and public figures and scientists the plight of the Armenian people unfolds Not only do readers learn of the Armenian struggle for equality and ultimately independence from the Ottoman Empire but they also discover rich evidence about the Armenians themselves their Church instabilities within the Empire and charitable efforts spearheaded by American Christian missionaries The language and tone of these articles from over a century ago do reflect U S and European attitudes of the time which were influenced by the perception of the Empire s Sultan Abdul Hamid II as the ultimate anti Christian pan Islamic Ottoman ruler But the overall humanitarian impulses of these writers are evident and we see the beginnings of an Armenian U S relationship that would strengthen over the course of the twentieth century
