Hardcover Myth Retelling Novel:

Orpheus in the Bronx Reginald Shepherd, 2010-02-05 *Orpheus in the Bronx* not only extols the freedom language affords us it embodies that freedom enacting poetry's greatest gift the power to recognize ourselves as something other than what we are. These bracing arguments were written by a poet who sings James Longenbach. A highly acute writer, scholar, editor, and critic, Reginald Shepherd brings to his work the sensibilities of a classicist and a contemporary theorist, an inheritor of the American high modernist canon and a poet drawing and playing on popular culture while simultaneously venturing into formal experimentation. In the essays collected here, Shepherd offers probing meditations unified by a resolute defense of poetry's autonomy and a celebration of the liberatory and utopian possibilities such autonomy offers. Among the pieces included are an eloquent autobiographical essay setting out in the frankest terms the vicissitudes of a Bronx ghetto childhood, the escape offered by books and gifted status preserved by maternal determination, early loss and the equivalent of exile, and the formation of the writer's vocation. With the same frankness that he brings to autobiography, Shepherd also sets out his reasons for rejecting identity politics in poetry as an unnecessary trammeling of literary imagination. His study of the urban pastoral from Baudelaire through Eliot, Crane, and Gwendolyn Brooks to Shepherd's own work provides a fresh view of the place of urban landscape in American poetry. Throughout his essays as in his poetry, Shepherd juxtaposes unabashed lyricism, historical awareness, and in your face contemporaneity bristling with intelligence. A volume in the Poets on Poetry series, which collects critical works by contemporary poets, gathering together the articles, interviews, and book reviews by which they have articulated the poetics of a new generation.

Reginald, Robert Reginald, 2009-11 Science Fiction Fantasy Book Review was founded in 1979 to provide comprehensive coverage of all the major and minor books being released in the genre at that time. This was the golden era of SF publishing with a thousand titles old and new hitting the stands and the bookshelves each and every year. From the older classics to the newest speculative fiction this was the period when the best and the brightest shined forth their talents. SF FBR included reviews by writers in the field by amateur critics and by litt rateurs and University professors. Over a thousand books were covered during the single year of publication many of them having been reviewed no where else before or since. The January 1980 issue includes a comprehensive index of all the works featured during the preceding year. This reprint will be a welcome addition to the literature of science fiction and fantasy criticism. Neil Barron is a retired bibliographer and literary critic editor of the acclaimed Anatomy of Wonder series. Robert Reginald was the publisher for twenty five years of Borgo Press and has authored over 110 books of his own.
