sheep

Noun Study Guide

Albert A Gayle

Noun Study Guide:

The Architects Guide to Writing Bill Schmalz, The Images Publishing Group, 2014 There are a lot of good books available to help people write better. They include dictionaries, usage guides and various types of writers' manuals and professional writers' ought to have many of those books on their bookshelves. But most architects and other design and construction professionals are not professional writers. Instead, they are people who spend a large part of their professional lives writing. That's a big difference and that's where this book will help. The Architect's Guide to Writing has been written not by an English major but by Bill Schmalz, an architect who knows the kinds of documents his fellow professionals routinely have to write and understands the kinds of technical mistakes they often make in their writing. This book is designed to meet the specific needs of design and construction professionals. It's not going to waste their time with the things that most educated professionals know but it will help them with the things they don't know or are unsure of. It's not a Chicago Manual sized encyclopedic reference that includes everything any writer would ever need to know because architects don't need to know everything. But what they do need to know and what they use every day in their professional lives has been assembled in this book.

Resources in Education, 1985 *The Oxford Dictionary and English Usage Guide* Maurice Waite, 1996 A unique combination of dictionary and usage guide, this new book offers a complete one-stop reference on the English language. Both parts of the Guide are completely up to date and have been compiled using the resources of the Oxford Dictionaries Department, including a massive computer database of English which allows accurate and up-to-date tracking of current trends in usage and spelling. This comprehensive dictionary includes over 51,000 dictionary entries, 56,000 clear definitions, pronunciations for thousands of awkward words, quick reference usage notes at relevant entries, a detailed 150-page guide to the rules of grammar, spelling, pronunciation, punctuation, meaning and idioms.
