*African Borders, Conflict, Regional and Continental Integration* Inocent Moyo,Christopher Changwe Nshimbi,2019-04-25 This book looks at the ways African borders impact war and conflict as well as the ways continental integration could contribute towards cooperation peace and well being in Africa. African borders or borderlands can be a source of problems and opportunity. There is often a historical geospatial and geopolitical architecture rooted in trajectories of war conflict and instability which could be transformed into those of peace regional and continental integration and development. An example is the cross border and regional response to the Boko Haram insurgency in West Africa. This book engages with cross border forms of cooperation and opportunity in Africa. It considers initiatives and innovations which can be put in place or are already being employed on the ground within the current regional and continental integration projects. Another important element is that of cross border informality which similarly provides a ready resource that if properly harnessed and regulated could unleash the development potential of African borders and borderlands. Students and scholars within Geography International Relations and Border Studies will find this book useful. It will also benefit civil society practitioners policymakers and activists in the NGO sector interested in issues such as migration social cohesion citizenship and local development

*Africa Water Atlas* United Nations Environment Programme,2010 This Africa Water Atlas is a visual account of Africa's endowment and use of water resources revealed through 224 maps and 104 satellite images as well as some 500 graphics hundreds of compelling photos plus a brief profile of the water situation in every country. These visual elements vividly illustrate a succinct narrative describing and analysing Africa's water issues and exemplifying them through the judicious use of case studies. The Atlas tells the paradoxical story of a continent with adequate renewable water resources but unequal access because the water is either abundant or scarce depending on the season or the place it explores the opportunities to develop Africa's untapped water resources and human capacities to deliver safe drinking water
