Becoming Human Eliza Green, 2012-12-18 Time is running out for humans. A new planet can save them. A hostile alien race will destroy everything they've worked for. Bill Taggart did not expect to come face to face with his wife's killer, but in the midst of a massive relocation programme to Exilon 5, the World Government investigator has a choice to make: Continue to monitor the threat levels of the Indigene race on Exilon 5 or kill the murderer who calls himself Stephen. But there is more to the hostile Indigene race and the plans for relocation as Laura O'Halloran discovers a secret so great it could destroy both worlds. She is faced with a decision: keep quiet about what she knows or tell the truth. Tell the truth, of course. If only it were that simple. **Becoming Human** is the first book in a series of character-driven science fiction novels. If you like page-turners, complex characters and stories with twists that will keep you guessing, then you'll love Eliza Green's engaging series. Scott Causey, 2015-10-09 By the year 2126, CEO Carlton Ferguson and his immensely powerful corporation have already introduced the world to Reflection Technology, a means to view any event that has happened in a previous forty-eight hour window. Effectively ridding the world of crime, the technology is far too valuable for society to abandon but too dangerous for one person to control. Still, Carlton is determined that he and he alone should hold the key to this Pandora's box and finds himself in a battle to keep what is his. Further, he is secretly deep within the process of enhancing the technology to go far beyond a mere two-day limit and does not intend to stop until he can witness the very beginning of time itself. Governments covet the technology while world faiths fear it will unmask the very gods to whom they pray. Though their goals may be mutually exclusive, religious and political opponents conspire to force Carlton into revealing his secrets. With few available options, Carlton agrees to a tenuous partnership with the United States government but quickly learns that his innate reluctance to freely offer his trust is justified. **Unknown: (a Dystopian Survival Fiction Book Series)** Melina Grace, 2019-02-21 Hiding in a freezing mountaintop cave, Sample is still confused as to how she got there and more importantly why she's there instead of in Hollowcrest or The City making sure her family are safe and not in danger of yet another attack by Clone Industries soldiers. She'd already be heading back but the soldier with her is adamant they shouldn't and Sample can't find it within her to leave him. She will convince him though. Sample has had enough of fleeing. She fears for Drimmy, Ollie and Finn as well as her friends left behind in The City. She is determined to return and rescue them. But what can she do when her enemies have so much power and she has nothing but the ability to heal?
