Child as Citizen Giuliana Fenech, 2025-08-15 Contributions by Daniela Brockdorff Nina Christensen Jill Coste Katrin Dautel Justyna Deszcz Tryhubczak Giuliana Fenech Naomi Hamer Irena Barbara Kalla Anne Klonberg Sonali Kulkarni Elizabeth Leach Leung Ann Marie Murnaghan Emily Murphy Emilie Owens Nicola Parker Patrycja Poniatowska Meg Rosoff and Farriba Schulz *Child as Citizen* Agency and Activism in Children's Literature and Culture addresses children's and young adult agency and activism across literature and culture demonstrating how these forces influence child citizenship. Contributors to this volume highlight the agentic voices and activist practices that are growing across all spheres of young people's lives as well as the challenges to active citizenship that children growing up in unjust sociopolitical contexts face. The volume is interdisciplinary and draws on the sociology of childhood children's literature studies youth culture studies media technology and cultural studies and Anthropocene ecofeminist and disability studies. Agency occurs in and around literature and storytelling and this collection establishes how it is always influenced by identity as well as geopolitics how it is both subjective and collective how it is cultural and embodied and how like citizenship it is not a static status but rather an ongoing negotiation. In this collection contributors invite readers to consider agency as a system of relations between children themselves between children and adults children and institutions and children and nation states as well as between children and the nonhuman. This book reviews the interconnectedness between these relationships and attempts to untangle some of the complications that emerge.

Atravesados Trevor Boffone, Cristina Herrera, 2025-02-17 Contributions by Frederick Luis Aldama Trevor Boffone T Jackie Cuevas Cristina Herrera Alexander Lalama Angel Daniel Matos Regina Marie Mills Joseph Isaac Miranda Jesus Montaño Domino Renee Pérez Regan Postma Montaño Cristina Rhodes and Sonia Alejandra Rodríguez Atravesados Essays on Queer Latinx Young Adult Literature shows how Latinx queer YA writers discard the same old story and offer critical representations of queerness that broaden YA writing and insist on the presence of queer teens of color. Atravesados draws on foundational Chicana queer theorist Gloria Anzaldúa's notion of atravesados to speak to the spectrum of queer youth Latinidades as they materialize in YA literature. Los atravesados according to Anzaldúa are the squint eyed the perverse the queer the troublesome the mongrel the mulato the half breed the half dead in short those who cross over pass over or through the confines of the normal. Los atravesados reside in the borderlands space of ni de aquí ni de allí neither here nor there present yet liminal their queerness the very source of both frustration and empowerment a paradox of joy and tragedy. Although written in 1987 Anzaldúa's theory speaks to the realities of queer Latinx teens that fill the pages of YA literature well into the twenty-first century. Characters such as Juliet from Gabby Rivera's *Juliet Takes a Breath* Aaron from Adam Silvera's *More Happy Than Not* or the titular Chulito from Charles Rice Gonzales's novel encompass the highs lows and everything in betweenness of queer Latinx teen lived experiences. This collection tells their stories. Contributors speak to the spectrum of queer youth Latinidades as they materialize in YA literature paying close attention to representation.

and the ways youth are portrayed whether accurate or stereotypical Close attention is paid to books that succeed in broadening the field of YA highlighting authors that draw from their own lived experiences and situate strong fully developed characters Taken together these essays move beyond the page explaining to readers why representation and authenticity matter in YA literature as well as the far reaching effects they can have for real world queer Latinx teens *Proceedings of the 9th International Conference on Strategic and Global Studies 2025 (ICSGS 2025)* Irene Sondang Fitrititia,Annisa Maulidia Alfian,Husnul Fitri,Muhammad Reza Rustam,Muhammad Izdiyan Muttaqin,2026-01-17 This is an open access book Welcome to the Proceedings of the International Conference on Strategic and Global Studies ICSGS 2025 The proceedings are organized according to 5 themes related to Strategic Cyber War and Geopolitical Rivalry Inclusive Digital Economics and Decolonization of Regional Development The Rise of Global Halal Industries Impact Potency and Future ASEAN China Strategic Relations towards New Global Order and Management of Social Transformation MOST Panel Local Knowledge and Management of Social Transformation for National Resilience Disaster Management and Resolving Global Climate Change

Using the framework of political agenda setting David A. Rochefort analyzes the rhetorical function of problem definition played by literary works when they document and characterize social issues while sounding the call for systemic reform.
