eBooks for Elementary School Terence W. Cavanaugh, 2014-12-02 eBooks offer students as well as teachers school and public librarians and parents tremendous possibilities. This book explains how to expand and enhance the reading experience through the use of technology. Today eBooks are everywhere and the use of digital learning materials is beginning to supplant traditional printed materials. As the world shifts to digital books both teachers and students need to be comfortable and effective using materials in this format. This book helps you to apply eBook materials to existing curricula to create interactive educational activities and have access to more materials to support reading instruction literacy standards and reading in the content areas. Author Terence W Cavanaugh an expert on teaching with technology describes numerous strategies for integrating eBooks into reading instruction and remediation for students in preschool through grade 6. He covers the hardware and software used the wide range of formats available and research conducted on the use of eBooks with students as well as how to access free resources such as digital libraries and special collections that make eBooks available for schools. The book also contains a chapter dedicated to using eBooks to help emergent or struggling readers.

Resources in Education, 1986 **Reading Assessment and Instruction for All Learners** Jeanne Shay Schumm, 2006-05-04 Weaving together the latest knowledge and best practices for teaching children to read this indispensable text and professional resource provides a complete guide to differentiated instruction for diverse learners. Uniquely integrative the book places the needs of English language learners and students with disabilities front and center instead of treating them as special topics. Accessible chapters on each of the core components of literacy clearly demonstrate how to link formal and informal assessment to evidence based instruction. Special features include Research Briefs Tech Tips Internet Resources Reflection and Action Questions and dozens of reproducible student activities and assessment tools.
