Board of Directors

[YOUR COMPANY NAME]  
[YOUR COMPANY ADDRESS]

Dear Members of the Board,

I hope this letter finds you well. I am writing to propose important changes to our company policies that require your review and approval. As we continue to grow and adapt to the evolving market landscape, it is essential that our policies reflect our commitment to innovation, compliance, and ethical standards.

### Proposed Policy Changes:

- 1. Remote Work Policy:** In response to the changing dynamics of the workplace, I recommend revising our current remote work policy to allow for greater flexibility. This includes options for hybrid work arrangements, which can enhance employee satisfaction and productivity.
- 2. Diversity and Inclusion Policy:** To align with best practices and our company values, I propose an update to our Diversity and Inclusion Policy. This revision aims to promote a more inclusive workplace culture and establish measurable goals to improve representation across all levels of our organization.
- 3. Sustainability Policy:** As part of our commitment to corporate social responsibility, I suggest adopting a formal Sustainability Policy. This would outline our initiatives and goals related to environmental stewardship, resource conservation, and community engagement.

These proposed changes are not only vital for our operational efficiency but also for reinforcing our commitment to being a responsible and forward-thinking organization. I believe that discussing these updates in our upcoming board meeting will provide an excellent opportunity for further exploration and refinement.

I look forward to your feedback and am happy to provide any additional information required. Please feel free to contact me directly at [YOUR EMAIL] if you have any questions or need further clarification on any of the mentioned changes.

Governing for Results Mel D. Gill, 2007-08-13 BEST SELLER This BEST SELLING book provides a comprehensive guide to effective governance for board members and their senior executives. The author offers a new framework for understanding boards and proposes practices that boards can use to fulfill their stewardship responsibilities, strengthen board performance and improve organizational effectiveness. The book discusses the basics of governance, what it is and why it matters, essential duties and liabilities of the board and its members, and the essentials of an effective board management partnership. It provides detailed guidance on the seven primary areas of board responsibility: i) mission and planning, ii) financial stewardship, iii) human resources stewardship, iv) performance monitoring and accountability, v) community representation and advocacy, vi) risk management, and vii) managing critical events and transitional phases. It discusses the legal structure of nonprofits who own them and how to organize for accountable governance. Governing for Results will assist boards in dealing with recurring issues around board and committee structures, their terms of reference and effective use, and job descriptions for key officers. The discussion of board development, board management, decision making, and organizational culture will prove invaluable in helping many boards deal with these complex issues. A discussion of the essential principles of governing for results includes a logical framework for planning and evaluation. The book provides tools that can help boards decide which governance practices will best fit their particular organization and strengthen their performance as a governing body. It outlines the factors that may interfere with a board's ability to adopt appropriate governance practices and presents twelve keys to successful governance that were identified through research. It offers a sample letter of agreement for new board members and samples of an agenda for board meetings, an oath of confidentiality, a values statement, conflict of interest and donor confidentiality policies, a template for financial monitoring, self assessment tools for the board and individual directors, and a basic guide to Rules of Order for conduct of meetings. It also provides outlines for comprehensive bylaws and governance policies and references to additional resources. Although this book is intended to fill a gap in the resources available to volunteer members of nonprofit boards of directors, much of its guidance will also be useful for directors of public and private sector corporations. The strong research base underpinning this work also makes it of interest to researchers, academics and consultants. It adds perspective to the debate about governance models and offers guidance to board members with respect to board structure, responsibilities, governance practices and problems that commonly afflict boards. It is designed as a user friendly guide for busy directors and executives who want concise, compact and well researched answers to perennially troubling questions about governance, the role of boards and their relationship to staff.
