One Flesh Salvation Through Marriage In The Orthodox Church:

One Flesh Lawrence R. Farley, 2017-09-29 Is the Church too negative about sex Beginning with this provocative question Fr Lawrence Farley explores the history of the Church's attitude toward sex and marriage from the Old Testament through the Church Fathers He persuasively makes the case both for traditional morality and for a positive acceptance of marriage as a viable path to theosis

Eastern Orthodoxy Illuminated by the Gospel Ivica Stamenkovic A++, 2023-10-24 Eastern Orthodoxy illuminated by the Gospel is one of the greatest books ever written about the Orthodoxy Reading the book Eastern Orthodoxy illuminated by the Gospel is like climbing a high mountain where your visual field gets expanded with each step discovering new and exciting details and finally gives an exceptional panoramic view that evokes the strongest feelings Each new line is like a new stair leading to a highest top from where you can observe the whole Orthodoxy Orthodoxy from God's perspective Light of the glorious Gospel and Christ's teachings shines like the sun throughout this book illuminating a complete profession of faith of the Eastern Orthodox Church Sladjan Djuric Author of the book Only Scripture Serbia I have never understood why Eastern Orthodox people practice or believe certain things When I would ask I would either get silence or a very confusing and superficial answer Ivica's book made those mysterious things clear for the first time and helped me understand the essence and the roots of the Orthodox religion Without exaggeration I think this is a first class apologetic manual ever written Everyone who is called to work with Orthodox believers should have this book because it can help them understand the people who practice Eastern Orthodoxy and give them directions how to pray and preach the Gospel more efficiently 2 Corinthians 4:3-4 Ephesians 6:12 Jan Vareca Editor of a Christian e magazine The trumpet of Zion Serbia Eastern Orthodoxy has been largely unknown in the West but in the recent years there has been a surge of interest particularly among Christians of Protestant Evangelical orientation many of whom wish to find out more about this mystical expression of faith that captivates by its ancient charm and connection to the early church fathers The book Eastern Orthodoxy Illuminated by the Gospel by Ivica Stamenkovic will unlock the mysteries of Eastern Orthodoxy for the Western readers A native of Serbia a country with a strong Eastern Orthodox majority Ivica had the advantage of studying Eastern Orthodoxy at its source The product of his studies is a volume that deserves to be called nothing less than a textbook on Eastern Orthodoxy and probably the first of its kind available in the English language His clear scholarly approach leaves no stones unturned Needless to say a study such as this one has been long overdue in the West Even though scholarly the book is by no means dry and is an enjoyable read cover to cover Alex Jovanovic Pastor of Mooretown Brethren in Christ Church Sandusky Michigan USA

[The Concise Encyclopedia of Orthodox Christianity](#) John Anthony McGuckin, 2014-02-03 Based on the acclaimed two volume Encyclopedia of Eastern Orthodox Christianity Wiley Blackwell 2011 and now available for students faculty and clergy in a concise single volume format An outstanding reference work providing an accessible English language account of the key historical liturgical doctrinal features of Eastern Orthodoxy including the Non Chalcedonian

churches Explores the major traditions of Eastern Orthodoxy in detail including the Armenian Byzantine Coptic Ethiopic Slavic Romanian Syriac churches Uniquely comprehensive it is edited by one of the leading scholars in the field and provides authoritative articles by a team of leading international academics and Orthodox figures Spans the period from Late Antiquity to the present encompassing subjects including history theology liturgy monasticism sacramentology canon law philosophy folk culture architecture archaeology martyrology and hagiography Structured alphabetically and is topically cross indexed with entries ranging from 100 to 6 000 words

Ritual and the Moral Life David Solomon, Ruiping Fan, Ping-cheung Lo, 2012-03-26 In the twentieth century in both China and the West ritual became marginalized in the face of the growth of secularism and individualism In China Confucianism and its essentially ritualistic comportment to the world were vigorously suppressed during the Cultural Revolution 1966 1976 under Mao Zedong But de ritualization already took place as a result of the Chinese Revolution of 1911 under Sun Yat Sen In the West while the process of de ritualization has been generally more gradual it has been nonetheless drastic In contrast to this situation this volume investigates the crucial role ritual plays in constituting the human understanding of their place in the cosmos the purpose of their lives and imbues human existence with a more complete sense of meaningfulness This volume presents the work of philosophers from both China and the West as they reflect upon the constitutive role that ritual plays in human life They reflect not only on ritual in general but also on specific Confucian and Christian appreciations of ritual This provocative volume is a beacon of warning to Western philosophers who think they have graduated from the trappings of ritual and a beacon of hope for Eastern thinkers who wish to avoid cultural fragmentation The Editors both Eastern and Western have together created a seamless work that not only introduces ritual but advances an argument for the contribution that ritual makes to cultural renewal This volume is a work of philosophical thinking about ritual doing but challenges those who think to realize that the salvation of philosophical thinking rests in the particularity and contingency of ritual doing Let us hope this volume is widely read for it points to that which might renew the West Jeffrey P Bishop Saint Louis University

Service Book of the Holy Orthodox-Catholic Apostolic (Greco-Russian) Church Orthodox Eastern Church, 1906 *Service book of the holy Orthodox-Catholic Apostolic, Greco-Russian, Church, compiled, tr., and arranged from the Old Church-Slavonic service books of the Russian church, and collated with the service books of the Greek Church by I.F. Hapgood* Sluzhebnik, 1906 First and Second Corinthians Lawrence R. Farley, 2005 The community Paul founded in Corinth gave him both joy and grief for he was to encounter problems there of disunity sin and arrogance including the rejection of his own apostolic authority by some of his flock His two epistles to the Corinthians come straight from the heart as he appeals to them to live in peace in righteousness in generosity and not to resist his God given authority His Corinthian correspondence abides as a lasting legacy and a challenge for all churches everywhere About the Orthodox Bible Study Companion Series This commentary was written for your grandmother and for your plumber That is it was written for the average layperson for the nonprofessional

who feels a bit intimidated by the presence of copious footnotes long bibliographies and all those other things which so enrich the lives of academics Working from a literal translation of the original Greek this commentary examines the text section by section explaining its meaning in everyday language Written from an Orthodox and patristic perspective it maintains a balance between the devotional and the exegetical feeding both the heart and the mind From Christ to the World Wayne G. Boulton, Thomas D. Kennedy, Allen Verhey, 1994 Here is a single volume that effectively introduces students to the full breadth of the discipline of Christian ethics Essays deal with both concrete issues and theoretical foundations Relevant biblical readings and a series of case studies accentuate the text Altering Nature B. A. Lustig, B.A. Brody, Gerald P. McKenny, 2008-11-01 B Andrew Lustig Baruch A Brody and Gerald P McKenny In this second volume of the Altering Nature project we situate specific religious and policy discussions of four broad areas of biotechnology within the context of our interdisciplinary research on concepts of nature and the natural in the first volume *Altering Nature Concepts of Nature and the Natural in Biotechnology Debates* In the first volume we invited five groups of scholars to explore the diverse conceptions of nature and the natural that shape moral judgments about human alterations of nature as especially exemplified by recent developments in biotechnology A careful reading of such developments reveals that assessments of them whether positive or negative are often informed by different conceptual interpretations of nature and the natural with differing implications for judgments about the appropriateness of particular alterations of nature These varying interpretations of nature and the natural often result from the distinctive perspectives that characterize various scholarly disciplines Therefore in an effort to explore the variety of meanings that attend discussions of the concepts of nature and the natural the contributors to the first volume of *Altering Nature* addressed those concepts from five different disciplinary vantages A first group of scholars analyzed a range of religious and spiritual perspectives on concepts of nature and the natural Their research highlighted the thematic historical and methodological touchstones in those traditions that shape their perspectives on nature *The Doctrine of Our Salvation* Paul Stevens Kramer, 1951 *Christian Family and Contemporary Society*, 2014-11-20 This collection of essays integrates a broad spectrum of geographical denominational and interdisciplinary perspectives and analyses the relationship between family and religion in its various contexts both historical and contemporary Divided into four key parts the contributors address first the biblical and patristic background of the family construct while the second part reveals denominational and ecumenical perspectives on marriage and the family The third part sketches a sociological profile of the family in some European countries and addresses pastoral and sacramental issues connected with it The final part places the Christian family in the context of contemporary society *Marriage Among the Religions of the World* Arlene Swidler, 1990 This text provides insights and knowledge on the meaning and nature of marriage in the major religions of the world It explores the ideals and models that have been set before young people the extent to which religions determine law concerning marriage and what stands these religions have taken on interfaith marriage
