Science Fiction and the Dismal Science Gary Westfahl, Gregory Benford, Howard V. Hendrix, 2019-11-27 Despite the growing importance of economics in our lives literary scholars have long been reluctant to consider economic issues as they examine key texts This volume seeks to fill one of these conspicuous gaps in the critical literature by focusing on various connections between science fiction and economics with some attention to related fields such as politics and government Its seventeen contributors include five award winning scholars five science fiction writers and a widely published economist Three topics are covered what noted science fiction writers like Robert A Heinlein Frank Herbert and Kim Stanley Robinson have had to say about our economic and political future how the competitive and ever changing publishing marketplace has affected the growth and development of science fiction from the nineteenth century to today and how the scholars who examine science fiction have themselves been influenced by the economics of academia Although the essays focus primarily on American science fiction the traditions of Russian and Chinese science fiction are also examined A comprehensive bibliography of works related to science fiction and economics will assist other readers and critics who are interested in this subject

War of the Worlds H G Wells, 2021-04-10 The fables devised by H G Wells 1866 1946 one of the fathers perhaps

the most notable of science fiction have demonstrated over time to maintain a vigor and touch some springs of the human unconscious that have often elevated them to icons of the modern world The War of the Worlds 1898 a fast paced story that narrates the invasion of Earth by the Martians and that for the first time involved the irruption of beings from other planets in ours largely marked the fantasy of the 20th century and opened a The reef that of the contact of men with extraterrestrial beings which soon became one of the most important in science fiction serving as inspiration to many later artists in the fields of radio cinema literature and comics and television Isaac Asimov's Science Fiction Magazine ,1986 **Imagining the End** James Craig Holte,2019-11-11 Imagining the End provides students and general readers with contextualized examples of how the apocalypse has been imagined across all mediums of American popular culture Detailed entries analyze the development influence and enjoyment of end times narratives Imagining the End provides a contextual overview and individual description and analysis of the wide range of depictions of the end of the world that have appeared in American popular culture American writers filmmakers television producers and game developers inundated the culture with hundreds of imagined apocalyptic scenarios influenced by the Biblical Book of Revelation the advent of the end of the second millennium 2000 CE or predictions of catastrophic events such as nuclear war climate change and the spread of AIDS From being raptured to surviving the zombie apocalypse readers and viewers have been left with an almost endless sequence of disasters to experience Imagining the End examines this phenomenon and provides a context for understanding and perhaps appreciating the end of the world This title is composed of alphabetized entries covering all topics related to the end times covering popular culture mediums such as comic books literature films and music **World War II** Spencer C. Beetz,1996 **Search for the Unknown** Matthew Hayes,2022-04-15 Beginning in the 1950s alleged sightings of unidentified flying objects in Canadian skies bred tension between the state and its citizens While the public demanded to know more about the phenomenon government officials appeared unconcerned and unresponsive Suspicion of government deepened among certain sectors of Canadian society in the decades that followed leading to demands for greater public transparency and a new kind of citizen activism In Search for the Unknown Matthew Hayes uncovers the history of the Canadian government's investigations into reports of UFOs revealing how these reports were handled deflected and defended from 1950 to the 1990s During this period Canadians filed more than 5 000 reports of UFO sightings many with striking descriptions and illustrations with branches of government and law enforcement Although the government conducted some exploratory studies officials were unable to solve the mystery of UFOs or provide satisfactory answers about their alleged existence and they soon declared the matter closed Dissatisfied citizens responded by taking matters into their own hands starting UFO clubs and civilian investigation groups and accusing the government of a cover up A mutual mistrust developed between citizens who were suspicious of their government and officials who dismissed their fears and anxieties This provided fertile ground for anti authoritarian attitudes and the cultivation of conspiracy theories In an era of political division and amid heightened awareness of states responsibilities for their citizens Search for the Unknown reveals the challenges that governments face in responding to public anxieties and preserving trust in public institutions Guinness World Records 2017: Blockbusters!
