### **Crisis and the Culture of Fear and Anxiety in Contemporary**

**Europe** Carmen Zamorano Llena, Jonas Stier, Billy Gray, 2023-08-01 The accrual of crises over the last two decades with their particular manifestations in the European context has evoked the feeling of living in exceptional times as captured in the recurrent claim that we live in the age of anxiety. The main aim of this collection is to analyse from a multidisciplinary perspective the causes and consequences of the current dominance of the discourse of fear, anxiety and crisis through the experience of distinct and often interdependent moral panics in twenty first century Europe. With its multidisciplinary approach this volume sheds light on the need to view the interrelationship between different crises and their associated affects as crucial in attaining a more nuanced understanding of the aetiology and effects of the current age of anxiety. This multidisciplinary scrutiny of the interrelationship of twenty first century fears, anxiety and crises signals an original engagement with these complex phenomena in order to make their emergence and profound effects on contemporary society more comprehensible. The timeliness of the thematic focus and the rigorous in depth analyses make this collection relevant to students and academics within the fields of sociology, literary and cultural studies, political science and anthropology as well as to those in European studies and global studies

A cli fi thriller in a gritty future. Meet Jerry Shimizu. His beat is Shoreside, the bustling, brawling anything-goes temporary port on the beach two miles from the Habitats. He's trying to bust a robbery ring that's preying on Shoreside's gambling money when he encounters a mysterious woman with strange mental abilities. Before long, he's having to dodge hoods sent after him by Shoreside's crime lord, agents of the US government, and spies from its archrival, the European Union. Does all this have anything to do with rumors of a secret supercomputer project in the now-abandoned country inland from Shoreside, a project that once left a string of corpses behind it and now might yield a fabulous trove of old-world technology? Jerry's going to find out if he can survive long enough.
