Introducing a Powerful New Business Model for Today's IT Blogger, speaker, software executive and bestselling author Jill Dych has been thinking about leadership a lot lately. Having consulted with business and IT executives with Fortune 500 companies for most of her career, she has heard a common refrain: "What should we do about shadow IT?" She's decided to address the answer head-on. With the onslaught of cloud solutions, consumerization of technology and increasingly tech-savvy business people, it's time for a manifesto for leaders who recognize and are nervous about the demands of the digital age. Whether you're an executive, department head or IT manager, *The New IT* provides an action-ready blueprint for building and strengthening the role of IT in your company and prescribing IT's future. Learn how to **ASSESS** your current and future IT profile, **ALIGN** your IT organization with business priorities, **MAP** technology delivery plans according to business priorities, **ORGANIZE** IT according to your company's culture and strengths, **REDEFINE** innovation and talent management practices, **BUILD** a stronger and enduring role for IT as a business partner. By using field-tested techniques to align your IT department with your corporate objectives, you can leverage the power of technology across the entire company. *The New IT* provides a set of tactical and experienced-based frameworks to help you and your colleagues conceive a new roadmap.
