Mental Health Recovery Stories:

In Recovery: Stories of healing from mental illness Courtney Pankrat, 2019-09-19 In *Recovery* recounts the stories of twelve amazing people who have struggled with mental illness and have come out stronger on the other side. Some participants have been in recovery for years while others are newer to wellness. Each participant defines success in a different way. Lauren is a professional athlete competing at the top of her sport as a member of the Ultimate Fighting Championship league while Ali has found success in living life on a ranch with her terminally ill husband. Success looks different for everyone and one story does not fit all. This book is meant to inspire people who have or are currently struggling with mental illness. In the midst of mental illness seeing a light at the end of the tunnel is possible. With this book readers will learn that hope and recovery are real. *Give Unconditional Love to Mentally Ill* Mental Health Recovery Easy Go Farm, 2023-06-03 1 This booklet of true stories of recovery from mental illness through the power of love is a free of charge project Pro Bono activities of social welfare in the public interest by specialists in the field of recovery support doctors psychologists caregivers social workers people and their families fighting illness etc. Therefore the digital version is being distributed free of charge. 2 The 19 real life stories are the digest editions each of which can be read in 5 to 10 minutes. Net era style.

Narratives of Recovery from Mental Illness Mike Watts, Agnes Higgins, 2016-07-15 *Narratives of Recovery from Mental Illness* presents research that challenges the prevailing view that recovery from mental illness must take place within the boundaries of traditional mental health services. While Watts and Higgins accept that medical treatment may be a vital start to some people's recovery they argue that mental health problems can also be resolved through everyday social interactions and through peer and community support. Using a narrative approach this book presents detailed recovery stories of 26 people who received various diagnoses of mental illness and were involved in a mutual help group known as GROW. Drawing on an in depth analysis of each story chapters offer new understandings of the journey into mental distress and a progressive entrapment through a combination of events feelings thoughts and relationships. The book also discusses the process of ongoing personal liberation and healing which assists recovery and suggests that friendship social involvement

compassion and nurturing processes of change all play key factors in improved mental well being This book provides an alternative way of looking at mental illness and demonstrates many unexplored avenues and paths to recovery that need to be considered As such it will be of interest to researchers academics and postgraduate students in the fields of psychiatry psychology nursing social work and occupational therapy as well as to service providers policymakers and peer support organisations The narratives of recovery within the book should also be a source of hope to people struggling with mental illness and emotional distress
