## **Insights Entrepreneurship Roadmap:**

Startup DNA: The Entrepreneur's Roadmap from Idea to Impact Mr. Yazuvendra Singh, Mr. Priyesh Srivastava, Ms. Himani Kashyap, Ms. Laxmi Verma, Entrepreneurship is tackling challenges with passion, ingenuity and purpose in a fast-paced, ever-changing environment. *Business DNA: The Entrepreneur's Roadmap from Idea to Impact* recognises that every successful business has a unique genetic code of vision, resilience, creativity and execution. This book helps prospective entrepreneurs and early-stage innovators navigate the complex path from concept to high-impact company. This path is useful, informative and inspiring for students, working professionals and founders starting their first businesses. Entrepreneurship is nonlinear. This route involves unpredictability, daring choices, painful lessons and ongoing adaptability. This book decodes the startup process from conception to validation, team building, product development, user acquisition, funding and scaling with purpose. The experiences of successful entrepreneurs and top accelerators inform each chapter's insights, strategic frameworks, contemplative prompts and concrete activities. This book is unique because it covers both business mechanics and the human component of entrepreneurship: mindset, drive and purpose. Startups drive constructive change, innovation and social transformation, not just economic growth. This book helps creators develop with clarity, agility and integrity in a disruptive era. Remember that there is no 'one size fits all' recipe for entrepreneurship. *Startup DNA* may be customised to your objective, market and time. The sole requirement: A willingness to start, learn quickly, fail wisely and remember your 'why'.
