The Business of Indie Games Alex Josef, Alex Van Lepp, Marshal D. Carper, 2022-05-03 The Business of Indie Games provides exceptional insight into how the video games industry works. It shares valuable information on how to successfully self-publish and secure publisher support. Whether you're making your first game or tenth, this book is a must-read. Paul Baldwin, Curve Digital: The video game industry is a tough business, and anyone looking to succeed in indie development should give *The Business of Indie Games* a read. Graham Smith, Co-Founder of DrinkBox Studios: This book is a fast track to success for anyone managing a game launch and looking to raise funding for their projects. It shares knowledge that you only learn after years of triumphs and failures within this industry. Scott Drader, Co-Founder of Metalhead Software: There's nothing like *The Business of Indie Games* taught in school. You learn how to make a game but not how to conduct business, market, and launch a game. This book dives into topics that every indie developer should know. Yukon Wainczak, Founder of Snoozy Kazoo: I've seen no better guide for understanding how the video game industry really works. An important read for anyone whose work touches games, including those of us looking to engage the community. Carla Warner, Director of STREAM for No Kid Hungry: *The Business of Indie Games* explores what many universities forget to cover: how to sell and market your own indie game to potential publishers and developers. While many classes help students on their way to designing and programming their own games, there are few classes that equip students with the skills to sell their own product. In essence, this means future indie game developers are not equipped to talk to investors, negotiate with publishers, and engage with major platforms like Steam and Nintendo. Authors Alex Josef, Alex Van Lepp, and Marshal D. Carper are looking to rectify this problem by helping indie game developers and companies level up their business acumen. With detailed chapters and sections that deal with different engines, negotiation tactics, and marketing, *The Business of Indie Games* is the perfect omnibus for up-and-coming indie game developers. The future of gaming curriculums is not just in teaching students how to create games but also in preparing them for the business of games. [Video Games Around the World](#) Mark J. P.

Wolf, 2015-05-01 Thirty-nine essays explore the vast diversity of video game history and culture across all the world's continents. Video games have become a global industry, and their history spans dozens of national industries where foreign imports compete with domestic productions. Legitimate industry contends with piracy, and national identity faces the global marketplace. This volume describes video game history and culture across every continent with essays covering areas as disparate and far-flung as Argentina and Thailand, Hungary and Indonesia, Iran and Ireland. Most of the essays are written by natives of the countries they discuss; many of them are game designers and founders of game companies, offering distinctively firsthand perspectives. Some of these national histories appear for the first time in English, and some for the first time in any language. Readers will learn, for example, about the rapid growth of mobile games in Africa, how a meat-packing company held the rights to import the Atari VCS 2600 into Mexico, and how the Indonesian MMORPG Nusantara Online reflects that

country s cultural history and folklore Every country or region s unique conditions provide the context that shapes its national industry for example the long history of computer science in the United Kingdom and Scandinavia the problems of piracy in China the PC Bangs of South Korea or the Dutch industry s emphasis on serious games As these essays demonstrate local innovation and diversification thrive alongside productions and corporations with global aspirations Africa Arab World Argentina Australia Austria Brazil Canada China Colombia Czech Republic Finland France Germany Hong Kong Hungary India Indonesia Iran Ireland Italy Japan Mexico The Netherlands New Zealand Peru Poland Portugal Russia Scandinavia Singapore South Korea Spain Switzerland Thailand Turkey United Kingdom United States of America Uruguay Venezuela
