FAIRY TALE

Retelling Project

Rewriting a Fairy Tale

Planning Sheet

Before you begin your original writing, you'll need to determine these and create a plan.

1. Which fairy tale will you be retelling?

From whose point-of-view will you be writing (who's the original villain?)

It's important to writing a story forward. Think about characters.

What do you already know about this character?

What information will you add or remove about this character to give a new voice to the story?

Fieldwork in Ukrainian Children's Literature Mateusz Świetlicki, Anastasia Ulanowicz, 2025-03-24. *Fieldwork in Ukrainian Children's Literature* showcases the work of prominent scholars of children's literature from Ukraine and the diaspora as it traces the history of books written, marketed for and circulating among young people since the rise of Ukraine's nationhood in the nineteenth century. This book encompasses a full range of texts and genres e.g. fiction, nonfiction, poetry, picturebooks, graphic novels, with special attention given to the most important authors and works as defined by aesthetics, literary excellence, popularity, or historical and cultural significance. It places titles and trends in broader context, considering the socio-political situation, changing taste, and the history of institutions that shape the production and reception of children's literature. The collection addresses folklore and the beginnings of a distinct tradition of Ukrainian children's literature produced in the nineteenth century, the role played by children's literature in the maintenance of the Ukrainian literary tradition during the Soviet era, and the flourishing Ukrainian book market with the appearance of numerous new genres and forms and the growing significance of Ukrainian books around the world. The collection highlights the importance of familiarizing non-Ukrainian students and scholars of children's literature with the richness of the country's literary history and cultural distinctiveness. *Fieldwork in Ukrainian Children's Literature* is intended primarily for scholars of children's literature and culture, including specialists in the fields of literary
