Grief, numbness, anger, anxiety, and shame are all very common emotional reactions to traumatic incidents such as an accident or death of a loved one and ongoing traumatic events such as domestic abuse. How we deal with the aftermath of trauma and our own emotional response can determine how quickly we are able to move on and get back to normality once more. An integral part of the recovery process is not only recognising and accepting how our lives may have been changed but also learning to deal with feelings of shame, an extremely common reaction to trauma. Recovering from Trauma uses the groundbreaking Compassion Focused Therapy to help the reader to not only develop a fuller understanding of how we react to trauma but also to deal with any feelings of shame and start to overcome any trauma related difficulties.
