Bever,2008-06-11 Exploring the elements of reality in early modern witchcraft and popular magic through a combination of detailed archival research and broad ranging interdisciplinary analyses this book complements and challenges existing scholarship and offers unique insights into this murky aspect of early modern history **The Academy and Literature** ,1903 **Witches, Scientists, Philosophers: Essays and Lectures** Robert E. Butts,2000-10-31 Robert E Butts 1928 1997 was a philosopher and historian of science whose central concerns were the distinction between the rational and the irrational He viewed scientific rationality as our major defence against the various conditions that encourage witch hunts and similar outbursts of irrationality with all their attendant pain and terror Butts saw himself as a pragmatic realist combining what he took to be the best aspects of logical empiricism with a historically informed pragmatism deeply appreciative of the methods of science trying to describe a kind of rationality essential in the struggle to preserve human values This volume gathers previously unpublished essays and lectures with some previously published thematically related essays It includes essays and lectures on philosophical aspects of the European witch hunt on scientific rationality and methodology and on the relationships between science and philosophy exhibited in the writings of such historically significant figures as Leibniz D Alembert Hume Kant Carnap and Kuhn

Levack,2008 Shortlisted for the 2008Katharine Briggs Award Witch Hunting in Scotland presents a fresh perspective on the trial and execution of the hundreds of women and men prosecuted for the crime of witchcraft an offence that involved the alleged practice of maleficent magic and the worship of the devil for inflicting harm on their neighbours and making pacts with the devil Brian P Levack draws on law politics and religion to explain the intensity of Scottish witch hunting Topics discussed include the distinctive features of the Scottish criminal justice system the use of torture to extract confessions the intersection of witch hunting with local and national politics the relationship between state building and witch hunting and the role of James VI Scottish Calvinism and the determination of zealous Scottish clergy and magistrates to achieve a godly society This original survey combines broad interpretations of the rise and fall of Scottish witchcraft prosecutions with detailed case studies of specific witch hunts Witch Hunting in Scotland makes fascinating reading for anyone with an interest in witchcraft or in the political legal and religious history of the early modern period
