Post Colonisation Post Migration Ces Allemands Entre Allemagne Et Roumanie:

Ces Allemands entre Allemagne et Roumanie Gwénola Sebault, 2015-04-01 **Romania and the Quest for European Identity** Cristian Cercel, 2019-03-15 Exploring the largely positive representations of Romanian Germans predominating in post 1989 Romanian society this book shows that the underlying reasons for German prestige are strongly connected with Romania's endeavors to become European. The election in 2014 of Klaus Iohannis as Romania's president was hailed as evidence that the country chose a European future that Iohannis belonged to Romania's tiny German minority was also considered to have played a part in his success. Cercel argues that representations of Germans in Romania descendants of twelfth century and eighteenth century colonists become actually a symbolic resource for asserting but also questioning Romania's European identity. Such representations link Romania's much desired European belonging with German presence whilst German absence is interpreted as a sign of veering away from Europe. Investigating this case of discursive self colonization and this apparent symbolic embrace of the German Other in Romania the book offers a critical study of the discourses associated with Romania's postcommunist Europeanization to contribute a better understanding of contemporary West East relationships in the European context. This fresh and insightful approach will interest postgraduates and scholars interested in Central Eastern and Southeastern Europe and in German minorities outside Germany. It should also appeal to scholars of memory studies and those interested in the study of otherness in general

Identités, migrations et mobilités transnationales Gwénola Sebault, 2017-07-06 L'intensification et l'amplitude des migrations internationales l'aube du XXI^e siècle placent l'Europe devant de nouveaux défis. Au cœur du système migratoire d'ampleur inédite il lui faut d'urgence laborer une stratégie visionnaire pour assurer ou refonder sa cohérence. Condition préalable la compréhension de son passé migratoire recent. **The Unchosen Ones** Jannis Panagiotidis, 2019-08-28 This fascinating original well researched and persuasively argued work examines the phenomenon of co-ethnic migration in Israel and Germany. Sebastian Conrad author of *What Is Global History?* Co-ethnic migration happens when migrants seek admission to a country based on their purported ethnicity or nationality being the same as the country of destination. In *The Unchosen Ones* social historian Jannis Panagiotidis looks at legislation and implementation regarding co-ethnic migration in Germany and Israel. This study focuses on individual cases ranging from after the Second World War to after the fall of the Berlin Wall where migrants were not allowed to enter the country they sought to make their home. These rejections confound notions of an open door or a return to the homeland and present contrasting ideas of descent culture blood and race. Questions of historical origins immigrant selection and screening and national belonging are deeply ambiguous complicating migration even in nations that are purported to be ethnically homogenous. Through highly original and illuminating analysis Panagiotidis shows that migration is never a simple matter of moving from place to place
