**Montessori at Home Guide** A. M. Sterling, 2016-08-29 In this edition of the Montessori at Home Guide series you the parent or caregiver get 101 practical activities to help your 2-6 year old learn in a Montessori inspired way 101 Montessori Inspired Activities for Children Ages 2-6 contains A. M. Sterling's favorite activities along with activities submitted for inclusion by well-known Montessori bloggers such as Anastasia of Montessori Nature blog, Diane from When Hippos Talk blog, and more. This easy-to-understand guide is created to quickly fill your child's learning environment with activities that help them attain and sharpen these necessary skills: gross and fine motor, cognitive, logic, dexterity, hand-eye coordination, and more. These activities also teach practical life skills including self-care and care of the environment, as well as getting children started in food preparation. For each activity in this book, there will soon be released an associated children's story book. Each of the 101 children's story books will be Montessori inspired and illustrated by the same artist who created the cover art for this book, Robert McKinney. The books will be based on the lives of real children, teaching respect for other cultures. They will contain not only real-life situations that a child can learn from, but the main character in each story will complete an activity from this book to possibly generate interest. We feel that these Montessori inspired children's story books will be an excellent compliment to the resource we hope this activity book can become for you. Montessori learning is gaining popularity across the globe as more and more Montessori schools open. The Montessori at Home Guide series helps you bring this incredibly effective way of learning home as well. You love your children and want to give them the very best. Give them the best learning method to achieve their true potential. Give your children the gift of Montessori. *Child's Play* Maja Pitamic, Claire MD. McCarthy, 2008 As adults we often underestimate the value that play has in developing children both physically and mentally. In the first few years of a child's life, the brain is growing at a rapid rate and play cannot be overvalued at this time as it allows a child to engage and make sense of the world. *Child's Play* is an activity book filled with play ideas for parents to enjoy with their toddlers from 12 months through to three years of age. Each game offers parents the chance to relish, encourage, and assist in their child's key developmental stage and all activities are based on sound techniques of early childhood education. They are presented with guidelines and suggestions that progress in terms of difficulty and no specialised knowledge or equipment is necessary. From encouraging your infant to explore the sense of touch and increase their coordination to performing action songs and discovering the garden or local park, *Child's Play* offers children and parents the chance to learn and play together. **The Montessori Toddler Activity Book** Beth Wood, 2021-06-08 Inspire confidence, independence, and joyful discovery with at-home Montessori activities for toddlers. *The Montessori Toddler Activity Book* helps parents and caregivers turn ordinary moments into meaningful learning with over 60 engaging at-home activities, each crafted to align with Montessori principles. Story, Formation, and Culture Benjamin D.

Espinoza, James Riley Estep Jr., Shirley Morgenthaler, 2018-10-15. *Story Formation and Culture* brings together a myriad of scholars, researchers, and ministry leaders into conversation about how we can effectively nurture the spirituality of children. Built around the three themes of story formation and culture, this volume blends cutting edge research and insights with attention to how we can bring theory into practice in our ministries with children. The work of children's spiritual formation is often a marginalized component in the church's overall ministry. This volume seeks to equip pastors, leaders, and scholars with cutting edge research and practices that effectively strengthen their ministries with children.

Ananda Store, 2021-06-07. The Montessori method of education was developed by Italian physician Maria Montessori. Emphasizing independence, it views children as naturally eager for knowledge and capable of initiating learning in a sufficiently supportive and well-prepared learning environment. It discourages some conventional measures of achievement such as grades and tests. Montessori developed her theories in the early 1900s through scientific experimentation with her students; the method has since been used in many parts of the world in public and private schools alike. This Montessori workbook works great in a Montessori environment as well as in a regular home school. This unique workbook is designed to keep your little ones' absorbent mind engaged. Perfect for preschool, pre-k, and kindergarten ages 3-7. No previous Montessori experience required. Realistic pictures have been used instead of cartoons to promote learning about the beauty of the real world. Bright full color to appeal to and engage the young learners. Large size: 8.5x11. 70 pages. About Ananda Store: Ananda Store is a mom and dad run publishing company. We are passionate about kids' books, happiness, and creating cute and practical books for kids.

Intimately Situated Stories of Place Iris Berger, 2024-11-10. This edited volume illuminates how intimate relations with place can transform early childhood pedagogy by presenting a diverse range of situated place stories.

The book begins to answer big questions facing the early childhood education community, including: What is situated locally responsive education at a time when both researchers and educators grapple with their responsibility and response ability to initiate and inspire alternative environmental ethics and anticolonial approaches that invite active participation from children?

Chapters will include work from Indigenous and non Indigenous researchers and educators who center the role of place in cultural identity community building and anticolonial projects throughout their work and teaching **Montessori Toddler**
