## Phonics Screening Check

### What is phonics?

Phonics is the study of the sounds of words and how they are written. It is the study of the relationship between the sounds of words and the letters that represent them.

Phonics is a key part of learning to read and write. It helps children to understand how words are made and how they are written. This helps them to read and write more confidently.

### How is phonics taught?

Phonics is taught in a variety of ways. Some children learn to read by sounding out words. Others learn to read by looking at the letters and guessing the word. Some children learn to read by a combination of these methods.

Phonics is taught in a way that is suitable for each child. Teachers will use a variety of resources to help children learn, including books, games, and worksheets.

### What is the phonics screening check?

The phonics screening check is a test that is given to all children in Year One. It is designed to check whether children can hear and identify the sounds in words. It is a short and simple test that takes about 10 minutes to complete.

### What is the purpose of the check?

The purpose of the check is to identify children who may need extra help with phonics. This helps teachers to plan their teaching and to provide extra support for children who need it. The check is not a test of reading ability.

### What is the result?

The result of the check is a score that is given to each child. This score is used to identify children who may need extra help with phonics. The score is not a test of reading ability. The score is used to help teachers plan their teaching and to provide extra support for children who need it.
