real boy *The Adventures of Pinocchio* C. Collodi, 2016-05-23 Everyone knows the story of Pinocchio the marionette who becomes a real boy In between Pinocchio is a bit of a scamp not going to school disobeying his father etc It's also a lot darker than I had previously thought The talking cricket Pinocchio kills him He also bites the head off a cat and depressingly enough in Chapter 15 he gets hung from a tree That apparently is where the story should have ended When Pinocchio was first serialised that was indeed Collodi's ending It was only at the request of his editor that Chapters 16-36 were added along with the whole turning into a real boy Even so it's not your typical fairy tale It's set in a real world of hunger poverty and death Still an enjoyable book and well worth a read if only to rid yourselves of the Disneyfied version you probably grew up with

The Adventures Of Pinocchio "The Annotated Classic Edition" Carlo Collodi, 2021-01-12 Pinocchio is a novel for children by Italian author Carlo Collodi written in Pescia It is about the mischievous adventures of an animated marionette named Pinocchio and his father a poor woodcarver named Geppetto It is considered a canonical piece of children's literature and has inspired hundreds of new editions stage plays merchandising and movies such as Walt Disney's iconic animated version and commonplace ideas such as a liar's long nose According to extensive research done by the Fondazione Nazionale Carlo Collodi in late 1990s and based on UNESCO sources it has been adapted in over 260 languages worldwide That makes it the most translated non religious book in the world and one of the best selling books ever published According to Francelia Butler it remains the most widely read book in the world after the Bible Pinocchio is a story about an animated puppet boy who turn into donkeys and other fairy tale devices The setting of the story is the Tuscan area of Italy It was a unique literary marriage of genres for its time The story's Italian language is peppered with Florentine dialect features such as the protagonist's Florentine name In the 1850s Collodi began to have a variety of both fiction and non fiction books published Once he translated some French fairy tales so well that he was asked whether he would like to write some of his own In 1881 he sent a short episode in the life of a wooden puppet to a friend who edited a newspaper in Rome wondering whether the editor would be interested in publishing this bit of foolishness in his children's section The editor did and the children loved it The Adventures of Pinocchio were serialized in the paper in 1881-2 and then published in 1883 with huge success In the original serialized version Pinocchio dies a gruesome death hanged for his innumerable faults at the end of Chapter 15 At the request of his editor Collodi added chapters 16-36 in which the Fairy with Turquoise Hair or Blue Fairy as the Disney version names her rescues Pinocchio and eventually transforms him into a real boy when he acquires a deeper understanding of himself making the story more suitable for children In the second half of the book the maternal figure of the Blue haired Fairy is the dominant character versus the paternal figure of Geppetto in the first part Children's literature was a new idea in Collodi's time an innovation in the 19th century Thus in content and style it was new and modern opening the way to many writers of the following century *Pinocchio - The Tale of a Puppet - Illustrated by Alice Carsey* Carlo Collodi, 2021-07-26 Follow Pinocchio a wooden puppet on his adventure to become a real boy The mischievous marionette must learn how to be
