Parenting from the Heart: A Guide to the Essence of Parenting from the Inside-Out Jack Pransky,2012-09-10 Just when you thought you ve heard it all *Parenting from the Heart* offers a new and different refreshing approach to parenting This easy to understand down to earth book moves beyond parenting theories and techniques to get to the heart of parenting If parents know how to look within their hearts to find the answers they need parenting techniques are not necessary If parents know how to find a loving connection with their children at most times

discipline and consequences are rarely necessary All parents have it within them to bring out the best in their children Approaching parents in this way makes parenting a true pleasure instead of the battle and chore it often becomes Many so called experts say that raising kids is the toughest job any of us will ever do but it does not have to be that way It can be the most joyful thing any of us will ever do Parenting from the Heart is a must resource for anyone who cares about parenting and raising children About the Author Jack Pransky Ph D is Director of the Center for Inside Out Understanding and is an international consultant and trainer for the prevention of problem behaviors and the promotion of well being He also authored the books Somebody Should Have Told Us Modello A Story of Hope for the Inner City and Beyond Prevention from the Inside Out Prevention The Critical Need and co authored both the Healthy Thinking Feeling Doing from the Inside Out curriculum and guide for middle school students and What Is A Thought A Thought Is A Lot a picture book for little children Pransky has worked in the field of prevention since 1968 in a wide variety of capacities He has offered parenting training and consultation to a great number of parents and has trained many parenting course instructors *Respect Your Children* Jay Scott Fitter,2010-03-29 Raising a child in todays world is a challenging task Kids dont come with instruction manuals and no test is required to parent So it makes sense that many of us feel unprepared and unready for the task at hand But the job doesnt have to be quite so difficult There are strategies and skills that can help the parenting process be more effective and successful for the whole family At the center of these techniques is one simple idea Respect Your Children So what does it mean to Respect Your Children Its about communicating with our kids talking to them and listening to their answers Understanding the difference between discipline and punishment Its caring for them with love instead of obligation or resentment Whether it be teaching or simply chatting on the couch parents need to tackle every situation from a position that starts with this one overriding principle respect Throughout the course of this book you will learn a variety of tools skills and strategies that will help you become a better role model and a better parent **The Parenting Book Every Parent Wants** Marianne Welch Salkind,2025-12-23 The Parenting Book Every Parent Wants is for those parents who want to raise socially and emotionally healthy children After many years of hearing parents tell their therapists My baby didn t come with instructions and I did the best I could the author decided put together some crucial guidelines to help parents and caregivers learn the most important basic needs of their new precious baby These guidelines are based on a history of researchers who were committed to understanding the implications of healthy bonding between main caregivers and infants By using the simple steps throughout this book together with your intuitive parenting skills this guide will help ensure healthy bonds between you and your baby Book Review This booklet offers an excellent introduction to infant attachment and development synthesizing years of research in the field of developmental psychology into clear practical guidance It is an invaluable resource for new mothers Julie L Murray PhD *The Respectful Parent* James A. Deutch,2012-02-23 The most important job you will ever have is being a parent Parents usually raise their children the way they were parented no matter how good or

bad their experience People laugh when they say Babies dont come with an instruction manual The Respectful Parent A Manual for Moms and Dads may be the closest book to that much needed manual This book is for parents whose normal children are driving them up the wall and parents who want to improve their parenting skills while things are still going well The Respectful Parent is written in a personal style by an author who has over 55 years of clinical experience working with families and individuals of all ages Dr Deutch believes that respect between parent and child along with a toolbox of great common sense techniques is the key to having a cooperative happy and productive family Spanking yelling and threats may work on your child in the immediate situation but scientific research shows that in the long term they have many negative and sometimes catastrophic side effects The Respectful Parent teaches how to use positive and democratic ways to nurture children These ideas are based on the commonsensical philosophy of Doctors Alfred Adler and Rudolph Dreikurs Learn to use the power of encouragement the family council individual special time natural and logical consequences and simple communication techniques Become your childs consultant rather than boss Raise your childs self esteem courage mental health and even his or her I Q

Making Parenting Simple Mark Kovach,2019-03-31 This is not your everyday parenting

book and it is not written from a clinical point of view but rather written from the perspective of a Father s point of view that was completely different from the way he was raised and abused by his parents and other people The concept of making parenting simple is all laid out in this book along with all the downfalls that parents may encounter while raising their child or children In addition this book points out solutions that a parent or parents can use in order to resolve any problems that they may encounter raising one or more children The basic concept of making parenting simple is to train your child while they are developing in the womb or as soon after birth up until the age of 5 or 6 that are the most critical years of a child s life This parenting book includes a chapter on how parents can teach their child or children in understanding and accepting responsibilities and a section on what a parent or parents are to their child or children Includes chapters on how to protect your child or children especially girls under the age of 21 and a whole lot more of relevant parental information concerning older kids and how to keep them out of trouble or becoming a nightmare for their parent or parents This parenting book is nothing like any parenting book ever written before now

The Ultimate Guide to Parenting ,2015-05-16 There are a

million parenting books on the market claiming to have the secrets to turning your children into the smartest happiest hippest best nourished fittest most attractive best behaved and the list goes on They offer a never ending litany of often conflicting advice about everything from breastfeeding to types of discipline to how to get your kid into the Ivy Leagues It s enough to make any new parent sob with frustration It s easy and common to get overwhelmed by the sheer number of opportunities there are to screw up and never have these opportunities been more widespread than in twenty first century America The fact is parenting can be hard to navigate and there are definitely some wrong ways to go about it but it s also the most fun exciting rewarding experience you ll ever have and despite the constant worry we can t do anything to make

that go away unfortunately you should be enjoying the unique opportunity to be the parent of your children The purpose of this book entitled The Ultimate Guide To Parenting How To Raise Children Without Screwing Them Up by author Britney Watkins is to help you see through the myths and the outright lies that a complicated cultural web has tossed at you and to help you make confident decisions about how you raise your children The information in this book will bring you through each stage of child development infancy toddlerhood preschool grade school and adolescence with useful information on how children's brains develop an overview of the parenting and real life anecdotes that illustrate what the heck we're talking about Between each of the main chapters we'll address relevant topics that parents often find themselves in a quandary over What does self esteem actually mean How do I deal with the judgment of my peers What is the most effective way to listen to my children Is it selfish of me to take time off from my kids I chose to have children so is it okay to ask for help from other people Why is letting go so hard This book doesn't aim to teach you how to raise the perfect child no child is perfect and you won't be either The simple aim of this book is to inform you of the things you can do or not do to raise them without screwing them up
