Werewolf Fantasy Romance Case Studies:

Poison Fruit Jacqueline Carey, 2014-10-07 The hot as Hel series with the Sookie Stackhouse type of vibe Paranormal Haven is back but this time the paranormal Midwestern town of Pemkowet is feeling a frost in the air and the residents are frozen in fear The Pemkowet Visitors Bureau has always promoted paranormal tourism even if it has downplayed the risks hobgoblins are unpredictable It helps that the town is presided over by Daisy Johanssen who as Hel s liaison is authorized by the Norse goddess of the dead to keep Pemkowet under control Normally that s easier to do in the winter when bracing temperatures keep folks indoors But a new predator is on the prowl and this one thrives on nightmares Daisy is on her trail and working intimately with her partner and sometime lover from the Pemkowet PD sexy yet unavailable werewolf Cody Fairfax But even as the creature is racking up innocent victims a greater danger looms on Pemkowet s horizon As a result of a recent ghost uprising an unknown adversary represented by a hell spawn lawyer with fiery powers of persuasion has instigated a lawsuit against the town If Pemkowet loses Hel s sovereignty will be jeopardized and the fate of the eldritch community will be at stake The only one who can prevent it is Daisy but she s going to have to confront her own worst nightmare to do it *Twenty-First-Century Gothic* Maisha Wester, 2019-05-22 This resource in contemporary Gothic literature film and television takes a thematic approach providing insights into the many forms the Gothic has taken in the twenty first century **Dread Trident** Curtis D. Carbonell, 2019 Dread Trident examines the rise of imaginary worlds in tabletop role playing games TRPGs such as Dungeons and Dragons With the combination of analog and digital mechanisms from traditional books to the internet new ways of engaging the fantastic have become increasingly realized in recent years and this book seeks an understanding of this phenomenon within the discourses of trans and posthumanism as well as within a gameist mode The book explores a number of case studies of foundational TRPGs Dungeons and Dragons provides an illustration of pulp driven fantasy particularly in the way it harmonizes its many campaign settings into a functional multiverse It also acts as a supreme example of depth within its archive of official and unofficial published material stretching back four decades Warhammer 40k and the Worlds of Darkness present an interesting dialogue between Gothic and science fantasy elements The Mythos of HP Lovecraft also features prominently in the book as an example of a realized world that spans the literary and gameist modes Realized fantasy worlds are becoming ever more popular as a way of experiencing a touch of the magical within modern life Reworking Northrop Frye s definition of irony Dread Trident theorizes an ironic understanding of this process and in particular of its embodied forms Werewolves, Wolves and the Gothic, 2017-09-15 Wolves lope across Gothic imagination Signs of a pure animality opposed to humanity in the figure of the werewolf they become liminal creatures that move between the human and the animal Werewolves function as a site for exploring complex anxieties of difference of gender class race space nation or sexuality but the imaginative and ideological uses of wolves also reflect back on the lives of material animals long persecuted in their declining habitats across the world

Werewolves therefore raise unsettling questions about the intersection of the real and the imaginary the instability of human identities and the worldliness and political weight of the Gothic This is the first volume concerned with the appearance of werewolves and wolves in literary and cultural texts from the mid nineteenth century to the present Drawing on representations of werewolves and wolves in literature film television and visual culture the essays investigate the key texts of the lycanthropic canon alongside lesser known works from the 1890s to the present The result is an innovative study that is both theoretically aware and historically nuanced featuring an international list of established and emerging scholars based in Britain Europe North America and Australia *Fantasy and Horror* Neil Barron,1999-06-17 More than 2 300 works of fiction and poetry are discussed each cross referenced to other works with similar or contrasting themes Winners and nominees for major awards are identified Books that are part of a series are flagged with a complete list of books in series included in a final chapter along with a comprehensive list of awards of translations and of young adult and children s books
