[The Everything Guide to Writing Children's Books](#) Luke Wallin, Eva Sage Gordon, 2011-01-18 Rev ed of The everything guide to writing children s books Lesley Bolton c2002 *Libraries in the Information Age* Denise K.

Fourie, Nancy E. Loe, 2016-05-23 The book *Library Media Connection* cited as something all librarians need to have on their shelves is now thoroughly revised for today's 21st century library environment. Covering both technology and library practices, the title has been a go-to text for librarians and library school students since 2002. Since the second edition of this must-have book was published in late 2009, libraries have undergone profound changes primarily linked to advances in technology. We've seen the debut of RDA, the release of new Pew Research library and Internet use data, and the establishment of digital repositories, community MakerSpaces, and community reads programs. Of course, libraries have also been affected by the expanding use of social media. This thoroughly updated title addresses all these changes and more, bringing you up to date on the monumental shifts impacting librarianship. The book is designed to introduce LIS students to the profession, preparing them to enter an exciting and evolving world. It clarifies the changing roles and responsibilities of library professionals, new paradigms for evaluating information, and characteristics and functions of today's library personnel. Among other subjects, chapters cover preparing materials for use, circulation, reference services, ethics in the information age, Internet trends, and job search basics. References, websites, and publications at the end of every chapter point to further resources, and appendices supply information such as policies, the library bill of rights, and the Freedom to Read statement.

**Freire and Children's Literature** Ernest Morrell, Jodene Morrell, 2023-07-27 Building on and inspired by the work of Paulo Freire, this book offers an accessible introduction to how children's literature can be used in classrooms to explore cultural diversity and nurture collective qualities of shared joy, love, and agency. The authors show how critical pedagogy and culturally responsive instruction can create meaningful ways for parents, teachers, and community leaders to engage with children's and young adult literature. The chapters include discussions of polyvocality, student voice, critical parent engagement, hip hop, and digital popular culture. The authors demonstrate how readings of children's literature, particularly multicultural literature, increase student joy and engagement, reduce prejudice, and help students develop critical consciousness. Unique and theoretically grounded, the book presents many opportunities to weave the ideas of Freire into the fabric of K-12 schooling.
