development In a traditional school the teacher acts as the one who provides all the information offered by the school and mainly uses books and a rigorous methodology In a Montessori school the teacher acts as a guide and often mixes conventional teaching aids but also other materials such as stories and objects In Montessori schools students often take responsibility for planning their work and time Montessori students strong artists While many parents firmly believe in the Montessori method this school method is still quite unknown and often controversial However it has been shown by psychologists in the United States that the children of the Montessori schools not only received an excellent education but in some areas even exceeded the children who attended traditional schools Furthermore students attending Montessori schools seemed to outperform others when it came to social skills and behaviors This book covers the following topics Who was Montessori Creating the right environment Organizing the spaces at home Practical activities Sensorial activities Language activities Self discovering Conflict resolution temper tantrum Montessori parenting habit Socialization How to unleash the child s creative potential And much more So what are you waiting for Learn more about Montessori method now **San Diego Magazine** ,1984-03
