would appear to constitute an ideal object of study with respect to the origins and foundations of civilization How it came about so to speak that something once emerged from the lair or cave that was so radically different What lies at the beginning The results of the study have already been politically prescribed on Home World that the Pons are to shed light on humanity that it is in its original and unspoiled nature polite sweet kind deferent diffident social noncompetitive and innocent Both Rodriguez and Brenner have a trait in common however which may explain why they have been sent exiled in a sense to such an out of the way locale Both seek the truth They enter the forest     *The Calpa & Notes Pertaining to a Panel in Salon D* John Norman,2014-04-01 From the author of the Gor Series two science fiction short stories exploring human relationships with verbal flair and philosophical complexity The Calpa attempts to describe the indescribable and paints an image of a thing unseen and ancient along the beach of a tiny village Notes Pertaining to a Panel in Salon D presents a lively Science Fiction convention panel exploring what life would be like if prehistory and evolution had skipped a beat Available for the first time as an e book pairing these stories were previously published in the collection Norman Invasions     *Time Slave* John Norman,2014-04-01 Dr Brenda Hamilton a PhD mathematician from Caltech is beautiful though she does not know her true beauty She is a woman though she does not know her true womanhood Deep within herself she is sensual though her senses have been dulled by this modern world Hamilton has come to Africa to work under the brilliant Danish scientist Herjellsen a man who speaks of reaching the stars But what does the ancient stone axe laying on his lab table have to do with space travel Soon it becomes clear that Herjellsen s experiment is much larger than Hamilton or Herjellsen or even space travel itself It is about correcting a mistake made tens of thousands of years ago in human evolution Thrown back in time Hamilton must be shown her place in a tribe known simply as the Men Stone Age hunters who take what they desire and know their true manhood Will Hamilton survive in this savage land Will her lover Tree teach her what it truly means to be a woman Can the spark between them put mankind back on its proper path toward the stars In *Time Slave* author John Norman brings the same keen philosophical acuity and passion for storytelling that enrich his classic Gor novels Fans of his work will love the fresh take on his theories and the bold adventure that brings them to life     *Blood Brothers of Gor* John Norman,2011-12-21 In this book is concluded the adventure which began in the 17th book in the Gorean series *Savages of Gor* Half Ear or Zarendargar a Kur general fallen from favor in the Steel Worlds now sought by a death squad of his savage compeers has determined to lure his pursuers into the Barrens the vast prairies to the east of known Gor populated by warring tribes known to Goreans as the Red Savages He has arranged matters in such a way that he will be abetted in his stand against the death squad and its human allies by a human ally of his own his former foe Tarl Cabot The ancestors of the Red Savages as those of many other Goreans were brought to Gor long ago in *Voyages of Acquisition* by the Priest Kings The Red Savages were settled in an area not unlike that of their former home a sweeping almost endless grassland where they tend to continue their former ways of life and war The various tribes have in common a tradition or myth called the Memory
