## **Ny Integrated Algebra Study Guide:**

*Let's Review: Integrated Algebra* Lawrence S. Leff, 2008-09-01 Reflecting the latest New York State curriculum change this brand new addition to Barron's Let's Review series covers all topics prescribed by the New York State Board of Regents for the new Integrated Algebra Regents exam which replaces the Math A Regents exam. This book stresses rapid learning using many step by step demonstration examples helpful diagrams enlightening Math Fact summaries and graphing calculator approaches. Fourteen chapters review the following topics: sets, operations and algebraic language, linear equations and formulas, problem solving and technology, ratios, rates and proportions, polynomials and factoring, rational expressions and equations, radicals and right triangles, area and volume, linear equations and graphing functions, graphs and models, systems of linear equations and inequalities, quadratic and exponential functions, statistics and visual representations of data, and counting and probability of compound events. Exercise sections within each chapter feature a large sampling of Regents type multiple choice and extended response questions with answers at the back of the book. Students will find this book helpful when they need additional explanation and practice on a troublesome topic or when they want to review specific topics before taking a classroom test or the Regents exam. Teachers will value it as a lesson planning aid and as a source of classroom exercises, homework problems and test questions.
