Creating and Promoting Lifelong Learning in Public Libraries Donna L. Gilton, 2016-06-21 Creating and Promoting Lifelong Learning in Public Libraries Tools and Tips For Practitioners is the sequel to Lifelong Learning in Public Libraries Principles Programs and People On the one hand Lifelong Learning in Public Libraries focuses on the information needs and the developmental and psychological characteristics of diverse library users of all ages It endorses the use of ILI to promote lifelong learning in public libraries both by borrowing techniques from academic and school libraries and by building on existing public library traditions of programming and outreach This book also compares lifelong learning in public libraries to informal and nonformal education in museums community organizations and agencies places of worship and other organizations In addition Lifelong Learning in Public Libraries describes basic steps that librarians can execute in order to get started On the other hand Creating and Promoting Lifelong Learning in Public Libraries focuses much more on how public librarians can specifically plan and implement their instruction with chapters on planning for instruction using teaching methodologies teaching with and about technology and bringing ILI together with more traditional public library services programming and activities such as reference and Readers Advisory services bibliotherapy and cultural and literacy programming Changes in ILI standards and comparisons of ILI with basic reading media digital and cultural literacies are also described Both books together should act as basic manuals for public librarians who promote lifelong learning Creating and Promoting Lifelong Learning in Public Libraries also have helpful teaching hints for all librarians and other professionals who teach in a variety of settings

Information Literacy Meets Library 2.0 Peter Godwin, Jo Parker, 2008 Web 2.0 technologies have been seen by many information professionals as critical to the future development of library services This has led to the use of the term Library 2.0 to denote the kind of service that is envisaged There has been considerable debate about what Library 2.0 might encompass but in the context of information literacy it can be described as the application of interactive collaborative and multimedia technologies to web based library services and collections These developments challenge librarians involved in information literacy with more complex and diverse web content a range of exciting new tools with which to teach and a steep learning curve to adjust to the constant change of the Web 2.0 world This edited collection from an international team of experts provides a practically based overview of emerging Library 2.0 tools and technologies for information literacy practitioners addresses the impact of the adoption of these technologies on information literacy teaching provides case study exemplars for practitioners to help inform their practice

and examines the implications of Library 2.0 for the training of information literacy professionals. Key topics include School Library 2.0, new skills and knowledge for the future information literacy Web 2.0, and public libraries. The blog as an assessment tool using Wikipedia to eavesdrop on the scholarly conversation, information literacy and RSS feeds, library instruction on the go, podcasting, sparking Flickr's of insight into controlled vocabularies and subject searching, joining the YouTube conversation to teach information literacy, going beyond Google, teaching information literacy through digital games, Readership: This book will be essential reading for all library and information practitioners and policy makers with responsibility for developing and delivering information literacy programmes to their users. It will also be of great interest to students of library and information studies.
