Graphic Organizers Simplified D Karen Bromley, Marcia Modlo, 2024-12-31 This resource is for grades 5-6 and aligns to the International Reading Association IRA and National Council of Teachers of English NCTE Standard 1, 3, 6, and 12. A graphic organizer is a visual way to represent knowledge in a pattern using labels. Organizing or arranging important aspects of a concept or topic is a critical step in the processes of reading, writing, and thinking. A step that educators used to assume students did in their heads. Now we know that helping students develop and/or use graphic organizers greatly improves reading comprehension as well as analytical thinking and writing skills. Graphic Organizers Simplified is a four-book supplemental series that provides teachers with ready-to-use materials to help students learn how to create and use graphic organizers. Each lesson consists of three parts: a story, article, or poem written and illustrated by nationally recognized contributors; a graphic organizer to study, complete, or create; and worksheets that include comprehension questions, guided activities for interpreting data, and opportunity to apply and write about what has been learned. Selections in each book represent a variety of fiction and nonfiction genres, including poetry, journal entries, humor, biography, history, science, nature, study, sports, fantasy, and more. Each was hand-picked as appropriate for the independent and instructional reading levels for the specified grades.
