Forthcoming Books Rose Arny, 2001-06 **An Ounce of Prevention** Lawrence E. Shapiro, PhD, 2010-11-16 Most parents understand the importance of prevention when it comes to the physical health and safety of their children But what many parents don't realize is that it is also possible to use preventive measures for emotional and behavioral problems As child psychologist Dr Lawrence E Shapiro explains in this provocative new book parents tend to start paying attention only after actual symptoms begin to develop Yet many problems can be addressed long before symptoms appear if parents know

just what to look for Preventing emotional problems is much easier than treating them after they have already become disruptive to a child's life In *An Ounce of Prevention* Dr Shapiro presents a variety of imaginative highly successful strategies for handling the pivotal moments in every child's emotional development from the infant and toddler years through the grad school and teenage years He helps you understand whether your child is at risk for specific problems and what you can do to reduce the risk Dr Shapiro offers advice for parents on such subjects as depression underachievement shyness eating disorders fallout from divorce ADHD and much more Some of the suggestions will seem like common sense Teaching your child good eating habits from a very young age will prevent eating disorders in adolescence Helping a shy child make a phone call to a new friend will prevent social alienation in the teen years But other recommendations may be surprising Fearful babies should not be coddled if they outgrow their hypersensitivity Toddlers should not be overly praised if you want them to as strive for success later in childhood Parents should become more involved in their teenagers education even when their teens are pulling away Filled with wonderful examples and lots of concrete advice this book presents all the skills you need to help your child become more resilient when confronted with many problems that face today's children and teens Provide an ounce of prevention every day It will make a difference in your child's happiness and yours
