Rise Karina Bliss, 2015-01-17 Even rock stars deserve redemption Acclaimed literary biographer Elizabeth Winston writes about long dead heroes So bad boy rock icon Zander Freedman couldn't possibly tempt her to write his memoir Except the man is a mass of fascinating contradictions manipulative honest gifted charismatic and morally ambiguous In short everything she seeks in a biography subject When in her life will she get another chance to work with a living legend But saying yes to one temptation soon leads to another Suddenly she's having heated fantasies about her subject fantasies this blue eyed devil is only too willing to stoke She thought self control was in her DNA after all she grew up a minister's daughter She thought wrong Rock star Zander Freedman has been an outlier many would say an outcast for most of his life But there's no disaster he can't overcome from the breakup of his band to the inevitable damage to his reputation His Resurrection Tour is shaping up to be his greatest triumph if his golden voice holds out Contracting a respected biographer is simply about creating more buzz Elizabeth's integrity is the key to consolidating his legacy as one of rock's greats All the damn woman has to do is write down what he tells her Not force him to think Or encourage the good guy struggling to get out And certainly not make him fall in love for the first time in his life Turns out he is scared of something being known
