**The Judge Lied** Yinka Bamgbelu,2014-09-18 The Judge Lied True Story Someone must be trusted let it be the judges Lord Denning Transparent equality and EXACT laws President Thomas Jefferson In recent years there has been a rising crescendo of complaint over the legitimacy sometimes even the honesty of particular judicial conduct From political conservatives come charges that judges are overriding the will of the people as expressed in statute and referenda relating to abortions gay rights affirmative action religion and other subjects From political liberals come charges of bias against women sexual misconduct harshness towards the interest of minorities and forced imposition of deeply conservative political views From both sides come charges of overriding the people's views and protecting the professional politicians by striking down term limits From all venues even high priced corporate lawyers comes tyrannical and arbitrary conduct by trial judges Misuse of position and even bribery are known to have sometimes existed Beyond these matters one dean of a law school's thirty four years as a law professor and litigator persuaded him that there is yet another problem one that is widespread It is that judges too often are unwilling to listen to facts or reasons They start with predilections heavily favouring one side predilections which they of course deny and then prove impervious to facts and resulting reasons contrary to their bias When judges act on the basis of their prior predilection ignore facts and even make up supposed counter facts they destroy a central tenet of the judicial system the decision of cases based upon facts rather than prejudice They also destroy faith in the judicial system

**Mediocre Great England** Abiodun Olayinka Bamgbelu,2015-10-28 He Briton is a barbarian and believes

that the customs of his tribe and Island are the laws of nature George Bernard Shaw The best argument against democracy is a five minute conversation with the average voter Sir Winston Churchill Corroborating the words of George Bernard Shaw Sir Winston Churchill implied that the average Briton was indeed a moron Also supporting Churchill's observation is the Organisation for Economic Cooperation and Development OECD which found that young adults in England are amongst the least literate and numerate in the industrialised world Mediocre Great England the latest book by Yinka Bamgbelu criticizes the legal system in Britain as well as the racism found in its institutions The highest reach of injustice is to be deemed just when you are not Plato Lies are told in criminal cases Lies are told in civil cases Lies are told all the time Sir Michael Havers Attorney General 1980 I don't think anyone will dispute that lots and lots of people are denied justice Sir David Napley The entire book is a letter to Dr Anand Kamath a 42 year old dentist who was seemingly and mercilessly hounded to death by white collar racist thugs Dr Stephanie Twidale another dentist could not spell and could not write legibly unrelentingly lied under oath What is the value of an illegible record by a dishonest semi illiterate expert Any legal system Third World included which tolerates dishonesty under oath is intellectually flawed and unsafe Competent administration of the law is an inviolable fundamental right This and no other is the root from which a tyrant springs when he first appears he is a protector Plato

*Helen Falcon (Community Dentist)* Abiodun Olayinka Bamgbelu, 2015-11-20 Abiodun Olayinka Bamgbelu says I am a Negro general dental practitioner the first and only one in Wellingborough and Bedford England England is one of the least literate countries in the industrialised world A self educated Negro seemed a threat to those who might have been brought up to believe that the brain is in the skin Helen Falcon Kevin Atkinson George Rothnie Geraint Evans all Caucasians and Resh Diu Indian the next door surgery all told unrelenting Negrophobic lies on record and or under oath There was a catalogue of mediocrity and confusions that seemed complicated by prior predilection and innate racial hatred They were dishonest and reckless and allowed prior predilection and prejudice to becloud their objective reasoning and judgment They immortalised mediocrity confusion and dishonesty on record **Rise and Rise of Imbecile Lawyers** Yinka Bamgbelu, 2014-11-10 The one great principle of English law is to make business for itself Charles Dickens The legal trade is a very broad church too broad that admits geniuses and intellectual peasants alike Parts of the legal trade seem to be illogical and a baseless unscientific SCAM The bottom lawyers have sunk below the lowest basement level just below the deepest sewers while the top lawyers seem to have descended to the bottom from whence the previous bottom lawyers vacated There is change but there is no relative change since top lawyers seem oblivious to the notion of relativity Although the brightest students in law school did a lot of math and physics they delude themselves that it is their birthright to be top lawyers when in fact they are in a state of flux based entirely on the notion of relativity They are simply the new bottom lawyers Almighty God is a lawyer judge but He is a scientist first because He had to create those that He will judge In my school the brightest boys did math and physics the less bright did physics and chemistry and the least bright did biology I wanted to do math and physics but my

father made me do chemistry because he thought there would be no jobs for mathematicians Dr Stephen Hawking Dr Hawking implies that as lawyers not all are less likely to have done a lot of logical reasoning enhancing mathematics and physics at school they are likelier to be imbeciles      **The Periodical** ,1909      **The Lawyer & Banker and Southern Bench & Bar Review** Charles E.
