USMLE Step 1 Made Ridiculously Simple Andreas Carl, M.D., Ph.D., 2023-05-15

A unique USMLE Board review book that is both your First Aid AND Last Minute Study Buddy for the big test day. Medical students have a brief window of only a few months to rapidly review for the USMLE Step 1 Exam. However, there are two universal problems that students encounter when approaching this anxiety-filled time:

1. What should I study first?
2. How can I effectively cram 2 weeks before the USMLE when there's too much to know?

It's overwhelming. Relax. We've got you covered with **USMLE Step 1 Made Ridiculously Simple**. This book takes ALL the most high-yield basic science facts and boils them down into a self-testing chart format, thereby giving that rapid bird's eye view to give YOU the upperhand on where you stand before creating a gameplan for studying for the test. AND it's a highly effective rapid tool used to cram everything you need to know right before taking the test. And to make things even easier to understand, we use brief clinical contexts to break down the basic science facts in the charts instead of using long and dull vignettes. Our student-focused approach ensures that you will receive a spiral-bound format that lays down flat for easy note-taking, highlighting, and self-testing. Don't fall for the high-yield trap of getting stuck with not knowing what to study right before the test. Study like a MedMaster instead. These charts offer the most info with minimal reading by concentrating on key associations with extremely brief clinical context. That's great for multiple-choice questions. **USMLE Step 1 Made Ridiculously Simple** brings everything you've learned together with confidence for the big day by acting as the best ever FIRST aid for the USMLE AND your LAST minute study buddy. Up-to-date information on the following topics: Pathology, Microbiology, Pharmacology, Biochemistry, Anatomy, Physiology, Social Sciences. Numerous color illustrations to help drive home difficult-to-understand concepts. Includes FREE access to 1000 questions on www.medmaster.net.
