*Campus Student Activism, Politics, and Citizenship in the 21st Century* Tshishonga, Ndwakhulu, 2025-04-03 Student activism and citizenship remain an integral part of the governance of academic institutions democratizing the learning environment and advancing democratic values and societal change As a result student activism has become a key aspect of the global higher education landscape Individually and through the student councils students have been at the forefront fighting for social justice and equality inside their academic institutions and in larger society by fusing activism with citizenship Through student activism and citizenship students demonstrate their power to keep governments responsible and in redirecting the voices of students in higher education s decision making processes Further exploration may afford students the opportunity to influence social change by partaking in educational policy reforms and broadening global sociopolitical and economic growth Campus Student Activism Politics and Citizenship in the 21st Century examines the dynamics of campus politics through student activism and citizenship perspectives academia public private and civil society sectors It explores how student leadership engages university society stakeholders including management and governance structures and student welfare and institutional policy reformation in defense of the rights and interests of students This book covers topics such as higher education political engagement and social justice and is a useful resource for policymakers government officials sociologists political scientists academicians and researchers

*In the Belly of the University* Christi van der Westhuizen, Qawekazi Maqabuka, Nomalanga Mkhize, Babalwa Magoqwana, Glenn Holtzman, 2025-12-22 Universities historical legacies power dynamics and institutional norms continue to define who belongs who succeeds and whose knowledge is valued within higher education spaces This edited volume explores the resultant embedded cultures shaping universities and their role in society By examining the belly of the university its inner workings shadow structures and practices of normalisation the volume illuminates how these cultures reproduce inequality and exclusion even amidst transformation agendas It also considers how academics students managers and administrators navigate contest and reimagine these spaces in pursuit of justice equity and deeper transformation Combining insights from South Africa Nigeria and the USA the volume invites reflection on how universities can become socially nourishing institutions

*Emancipatory Imaginations* Dina Zoe Belluigi, André Keet, 2025-02-28 The study of higher education presupposes the goodness of the university and the academy and the scholars who study them Yet the social justice intent of both have long been questioned and may be emptied out This book explores generative developments of other ways to study more critically and productively the university across disciplines While framed affirmatively this endeavour is a space of refusal Refusal of the status quo of the taken for granted and of hegemonic powers and violences that continue within and outside higher education institutions Part I explores possible emancipatory frames to in form transformative change and its enquiry Its four chapters deliberate how Critical University Studies may be advanced in relation to its own histories of intellectual emergence decolonial theory

Abolitionist Studies sustainable development and the African university Part II asks questions about the conditions of possibility for advancing Critical University Studies Particular disciplines fields of study cases contexts and methods of analysis are discussed within the contexts of Canada Germany India South Africa and the United Kingdom Exploring the effects on different academic citizens and figures the six chapters in this section combine to assert the pervasiveness of the problematics of the politics of participation for marginalised and minoritised academic citizens agency and authority and to uphold the value of resistance in the formation and authorisation of persons and knowledges Part III re turns to the necessity for reflexivity The two chapters engage with its importance for scholarship and praxes for critical work to be disruptive Recognising the potential of critique to re produce harmful patterns requires such logics and desires be identified and interrupted Emancipatory Imaginations Advancing Critical University Studies mobilises engagement with the question of how the critical study of the university is to be advanced in scholarship framing practice and praxes within beyond and against traditions of the past and present It is thus of interest to academics students and intellectuals who are concerned with transformative change within universities
