Frank's stories and analysis brilliantly show that the emergence of the high beta rich is not just a high class problem for the rich. High beta wealth has national consequences. America's dependence on the rich, great volatility among the rich, a more volatile America. Cycles of wealth are now much faster and more extreme. The rich are a new Potemkin Plutocracy and the important lessons and consequences are brought to light of day in this engrossing book. High beta rich hi be ta rich 1 a newly discovered personality type of the America upper class prone to wild swings in wealth 2 the winners and occasional losers in an economy that creates wealth from financial markets asset bubbles and deals 3 derived from the Wall Street term high beta meaning highly volatile or prone to booms and busts 4 an elite that's capable of wreaking havoc on communities jobs government finances and the consumer economy 5 a new Potemkin plutocracy that hides a mountain of debt behind the image of success and is one crisis away from losing their mansions private jets and yachts *Teatime in the Northwest*
