The tools include task cards for literature, creative writing, and research; tic-tac-toe menus; graphic organizers; and guides to creating differentiated units, each one tied to specific questions and concerns teachers have about differentiating instruction. Also included are product lists and other assessment ideas, including rubrics and a scoring conversion table. Written especially for teachers in the trenches, **Differentiation Made Simple** will help unlock the door to creating a classroom where every child is challenged by work appropriate for his or her abilities, interests, and learning styles.
