## **International Bestseller Habit Building Planner:**

**Wealth Habits** Candy Valentino, 2022-11-21 You don't have to be educated or connected to be wealthy. How do wealthy people do it? Are they geniuses? Lucky? We tend to think something special must be going on because it looks like magic. But nothing could be further from the truth. Wealthy people have simply adopted six key yet ordinary habits and they do them extraordinarily well. Candy Valentino opened her first brick and mortar store at 19, no college, no connections, no money, and built it into a seven figure business before most of her friends graduated college. Over two decades of success as a serial entrepreneur and real estate investor, she has labored relentlessly to crack the code of the super wealthy and in doing so has unearthed six simple habits that directly contribute to those who become part of the self-made millionaire class. In *Wealth Habits*, Valentino reveals all six habits and shows you how you can put them to work for you. Long term investing strategies. How to recession proof your business. Ways to keep money out of the IRS hands. What to teach your children about money. How to establish financial protection and security. The secrets to keep more of the money you make so you can invest more. Think and get rich will only get you so far. It's time to do and become wealthy and set yourself up for a lifetime of true financial freedom.

**The Power of Ownership** Justin Roethlingshoefer, 2024-04-15 Learn to look and feel your best as you discover a new perspective on your mind, body, and health. In *The Power of Ownership: Redeem Your Health, Live Life by Design, and Break the Relentless Pursuit of Normal*, author Justin Roethlingshoefer delivers a transformative tool for empowerment designed to enable you to take control of your health in a holistic and personalized way. After managing the health, wellness, and performance of the best athletes in the world for more than a decade, the failure to do that for himself almost cost him his life and fueled his mission to solve this problem for not just athletes but high-achieving people pursuing a mission. Avoiding robotic and cookie-cutter approaches, Roethlingshoefer offers the tools, systems, and processes you need to rebuild your life and health in a way that makes sense for you and your body. The book is a simple, actionable, and relatable tool instead of a textbook or loose collection of stories located at the intersection of art and cutting-edge health science. It's filled with lessons you'll be able to understand with ease and apply to your life immediately. You'll find strategies you can use to ensure your new health journey is a sustained and effective one that helps you manage stress and avoid burnout. Discussions exploding the Myth of Normal that breeds shame, fear, guilt, and confusion by normalizing stress and fatigue. Explorations of the power and value of a life by design and ways to help you live differently according to what your body requires. An essential and inspiring resource for anyone who wants to look and feel better. *The Power of Ownership* will transform the way you think about and achieve health for you and your team.

**Bring Your Human to Work: 10 Surefire Ways to Design a Workplace That Is Good for People, Great for Business, and Just Might Change the World** Erica Keswin, 2018-09-28 WALL STREET JOURNAL BESTSELLER The secret to business success: Get REAL and be HUMAN. As human beings, we are built to connect and form relationships. So it should

be no surprise that relationships must also translate into the workplace where we spend most of our time. Companies that recognize this will retain the most productive, creative and loyal employees and invariably seize the competitive edge. The most successful leaders are those who actively form quality relationships with their employees who honor fundamental human qualities: authenticity, openness and basic politeness, and apply them day in and day out. Paying attention and genuinely caring about the effects people have on one another is key to developing a winning culture where people perform at the top of their game and want to work. As a workplace strategist and business coach, Erica Keswin has spent over 20 years working with top business leaders and executives to build successful organizations that honor relationships. Featuring case studies from top brands such as Lyft, Starbucks, Mogul and SoulCycle to name a few, *Bring Your Human to Work* distills the key practices of the most human companies into applicable advice that any business leader can use to build a human workplace. These building blocks include: Understanding your company's role in the world beyond financial profit; Encouraging employees to be healthy in body and spirit; Running your meetings with clear purpose; Making space for face-to-face interaction; Building professional development into company culture; Inspiring your workforce to give back to the community; Simply saying thank you. A human company is real, genuine, aligned and true to itself. A real company flaunts its humanity instead of hiding it. It's what the most successful, sustainable companies are doing today, and there's no reason yours can't be the same. Keswin's leadership lessons foster fairness, devotion and joy in the workplace, all critical elements of a successful business. By bringing your human to work, you can design a workplace that is good for people, great for business, and just might change the world. *Pace*, 2002-05     *Design*, 1987-07
