The idea of Short Bedtime Stories For Kids was flamed by an affiliate product review AI software that generates stunning illustrated children's books even if you have no idea what to write about. Storytelling is as old as the human race itself and will always be in our hearts. Was television not inspired by storytelling what then is it other than storytelling with movies and series? Let's just forget about the news stories those fairy tales are often just a bit too farfetched. Besides much too complicated for many kids to comprehend. I hope that you will enjoy my attempt at children's bedtime stories with AI writing software and Canva image design. But more importantly may your kids enjoy the magical ride they are about to embark upon. Enjoy the journey with them and watch those little faces.
