in Global Mental Health Samuel O. Okpaku,2021-11-02 Over the course of the last decade political and mental entities at
large have embraced global mental health the idea that psychiatric health is vital to improved quality of life Physicians
globally have implemented guidelines recommended by the National Institute of Mental Health NIMH in 2007 thereby
breaking down barriers to care and improving quality of life in areas where these practices have been implemented Programs
for training and education have expanded as a result Clinicians benefit more from both local resources in some regions as
well as in international collaboration and technological advancements Even amidst all of these positive outcomes clinicians
still face some stumbling blocks With worldwide statistics estimating that 450 million people struggle with mental
neuropsychiatric and neurological disorders 25 percent of the world s non communicable disease burden rising to these
challenges prove to be no small feat even in wealthy Western nations Various articles and books have been published on
global mental health but few of them thoroughly cover the clinical research innovative and social implications as they pertain
to psychiatry often only one of these aspects is covered A comprehensive text that can keep pace with the rapidly evolving
literature grows more and more valuable each day as clinicians struggle to piece together the changes around the world that
leave open the possibility for improved outcomes in care This book seeks to boldly rectify this situation by identifying
innovative models of service delivery training education research funding and payment systems that have proven to be
exemplary in implementation and scalability or have potential for scalability Chapters describe specific barriers and

challenges illuminating effective strategies for improved outcomes This text is the first peer reviewed resource to gather prestigious physicians in global mental health from around the world and disseminate their expertise in the medical community at large in a format that is updateable making it a truly cutting edge resource in a world constantly changed by medical scientific and technological advances Innovations in Global Mental Health is the ultimate resource for psychiatrists psychologists primary care physicians hospitalists policy makers and all medical professionals at the forefront of global mental health and its implications for the future
