**Roots of Haiti's Vodou-Christian Faith** R. **Times** ,1934 *Through the Storm, Through the Night* Paul Harvey,2011-07-21 Paul Harvey illustrates how black Christian traditions provided theological institutional and personal strategies for cultural survival during bondage and into an era of partial freedom At the same time he covers the ongoing tug of war between themes of respectability versus practices derived from an African heritage the adoption of Christianity by the majority and the critique of the adoption of the white man's religion from the eighteenth century to the present The book also covers internal cultural gendered and class divisions in churches that attracted congregants of widely disparate educational levels incomes and worship styles Through the Storm Through the Night provides a lively overview of the history of African American religion beginning with the birth of African Christianity amidst the Transatlantic slave trade and tracing the story through its growth in America Paul Harvey successfully uses the history of African American religion to portray the complexity and humanity of the African American experience

**Matchsticks Contemplating Eternity** Gregory W. Brown,2022-01-20 These essays invite the reader to join the author's quest for meaning and wonder in the natural world After the journey out of evangelical fundamentalism recorded in Unified Field Theology the journey continues Through years with more darkness than anticipated the light shines through And darkness turns out to be the best place for discerning faint and distant lights The natural forces studied in the search for the unified theory reveal that the creative sustaining power of the universe is real and observable through science Humility and wonder are found responding to the size of the cosmos The strangeness of the quanta invites us to mystery and

things beyond rational comprehension accompanied by the assurance that our most basic level is as eternal as the universe  
Significance appears in caring for each other a trait which is now found in both the animal and plant world as well Returning  
to traditional sources of faith the Bible remains an amazing library of voices revealing one people s evolution of  
understanding of the ultimate Like practices of other cultures it invites us to be still and know Life is indeed good We are  
here together choosing how we respond to a very real God      **The Church Standard** ,1900      The Missionary Review of

**Encyclopedia of Christianity in the Global South** Mark A. Lamport,2018-06-01 Christianity has transformed many  
times in its 2 000 year history from its roots in the Middle East to its presence around the world today From the mid  
twentieth century onward the presence of Christianity has increased dramatically in Asia Africa and Latin America and the  
majority of the world s Christians are now nonwhite and non Western The Encyclopedia of Christianity in the Global South  
traces both the historical evolution and contemporary themes in Christianity in more than 150 countries and regions The  
volumes include maps images and a detailed timeline of key events The phrases Global Christianity and World Christianity  
are inadequate to convey the complexity of the countries and regions involved this encyclopedia with its more than 500  
entries aims to offer rich perspectives on the varieties of Christianity where it is growing how the spread of Christianity  
shapes the faith in various regions and how the faith is changing worldwide      *The National Encyclopedia of the Colored Race*
