SAMPLE MATH TEST

This is a sample math test which is very similar to the math test that is given to an applicant as part of the "application process" for entrance to the Plumbers & Steamfitters Local #486 Apprenticeship Program. You may wish to go over the sample math test to become familiar with the questions prior to making application to the school. Do not send this sample test back to the Training School - we do not grade sample math tests.

A Florida Plumbing Contractor is a contractor whose services are unlimited in the plumbing trade and includes contracting business consisting of the execution of contracts requiring the experience, financial means, knowledge and skill to install, maintain, repair, alter, extend or if not prohibited by law, design plumbing. A plumbing contractor may install, maintain, repair, alter, extend or if not prohibited by law, design the following without obtaining an additional local regulatory license, certificate or registration: sanitary drainage or storm drainage facilities, water and sewer plants and substations, venting systems, public or private water supply systems, septic tanks, drainage and supply wells, swimming pool piping, irrigation systems and solar heating water systems and all appurtenances, apparatus or equipment used in connection therewith, including boilers and pressure process piping and including the installation of water, natural gas, liquefied petroleum gas and related venting and storm and sanitary sewer lines. The scope of work of the plumbing contractor also includes the design, if not prohibited by law, and installation, maintenance, repair, alteration or extension of air piping, vacuum line piping, oxygen line piping, nitrous oxide piping and all related medical gas systems, fire line standpipes and fire sprinklers, if authorized by law, ink and chemical lines, fuel oil and gasoline piping and tank and pump installation, except bulk storage plants and pneumatic control piping systems, all in a manner that complies with all plans, specifications, codes, laws and regulations applicable. The scope of work of the plumbing contractor applies to private property and public property, including any excavation work incidental thereto and includes the work of the specialty plumbing contractor. Such contractor shall subcontract with a qualified contractor in the field concerned all other work incidental to the work but which is specified as being the work of a trade other than that of a plumbing contractor. A plumbing contractor may perform drain cleaning and clearing and install or repair rainwater catchment systems, however a mandatory licensing requirement is not established for the performance of these specific services.
