Dear Friends and Family of the NF Ladies Ancient Order Hibernians:

In honor of our IRISH HERITAGE, we are sponsoring our 3rd Annual "Traditional Irish Breakfast" on Sunday, March 6, 2016. This year we plan to commemorate the 100th Anniversary of the Easter Rising, a pivotal event in the Irish struggle for freedom. The Uprising sparked the drive which culminated in the 1922 formation of the Irish Free State, which was later renamed the Republic of Ireland.

Our breakfast will be at St. Leo's Worship Site, 2748 Military Road, Niagara Falls. The breakfast will be served from 9:00 am until 1:00 pm. Cost will be \$10.00, children 10 & under will be \$6.00.

In addition we will be having a BASKET AUCTION, 50/50 raffle and cupcake sale to raise money for all the charitable work we do in Niagara County. To ensure the success of this event we are asking for donations. Baskets, gift certificates, monetary and/or food donations from vendors are so much appreciated.

Monetary donations can be mailed in care of:

Problem of Fit Phillip B. Levine, 2022-04-22 A critical examination of the complex system of college pricing how it works how it fails and how fixing it can help both students and universities How much does it cost to attend college in the United States today The answer is more complex than many realize College websites advertise a sticker price but uncovering the actual price the one after incorporating financial aid can be difficult for students and families This inherent uncertainty leads some students to forgo applying to colleges that would be the best fit for them or even not attend college at all The result is that millions of promising young people may lose out on one of society's greatest opportunities for social mobility Colleges suffer too losing prospective students and seeing lower enrollments and less socioeconomic diversity If markets require prices to function well then the American higher education system rife as it is with ambiguity in its pricing amounts to a market failure In *A Problem of Fit* economist Phillip B Levine explains why institutions charge the prices they do and discusses the role of financial aid systems in facilitating and discouraging access to college Affordability issues are real but price transparency is also part of the problem As Levine makes clear our conversations around affordability and free tuition miss a larger truth that the opacity of our current college financing systems is a primary driver of inequities in education and society In a clear eyed assessment of educational access and aid in a post COVID 19 economy *A Problem of Fit* offers a trenchant new argument for educational reforms that are well within reach
