TITLE

## Won't You Be My Neighbor: My Moment as a Leader

INTRO

The room was filled with the gentle hum of microphones and video cameras, cut only by the occasional cough or cleared throat. It was easy to feel out of place in this room full of wood furniture, leather seats, and powerful men capable of changing not just my life, but an entire sector of television programming as we knew it. I had never thought of myself as a leader, but I also knew that this was about something bigger than me, something that I could actually influence.

CONCLUSION

I took a deep breath and began to talk. I wasn't known to have a particularly commanding or powerful voice, but people always seemed to listen, including these men with their name placards and tall seats. They had been ready to cut funding for public broadcasting, which included programming that they had never seen. I was simply someone who lived in a neighborhood and cared about children's education, beyond just math and reading. All I could do was be honest.

To me, leadership is about connection. I know that I have a voice and an immense dedication to emotional intelligence in children. My ability to focus on other people goes hand-in-hand with my ability to speak through a tiger puppet. Both are about closing gaps and bringing people closer to a basic understanding. I hope to use my leadership abilities within the field of psychology to build more connections between people and communities.

BODY

- Write a narrative that uses your own voice and style
- Be humble, but don't be down on yourself

sitting Concentrate on one problem area at a time by reviewing the question and explanation and by studying our reviews until you are confident that you completely understand the material Since you will be allowed to write in your test booklet during the actual exam you may want to write in the margins and spaces of this book when practicing However do not make miscellaneous notes on your answer sheet Mark your answers clearly and make sure the answer you have chosen corresponds to the question you are answering Keep track of your scores By doing so you will be able to gauge your progress and discover general weaknesses in particular sections You should carefully study the reviews that cover the topics causing you difficulty as this will build your skills in those areas To get the most out of your studying time we recommend that you follow the Study Schedule which corresponds to the exam you are taking It details how you can best budget your time If you are taking both exams do not try to study for each at the same time Try alternating days by studying for the United States exam one day and the Comparative exam the next Test Taking Tips Although you may be unfamiliar with tests such as the Advanced Placement exams there are many ways to acquaint yourself with this type of examination and help alleviate your test taking anxieties Listed below are ways to help yourself become accustomed to the AP exam some of which may also be applied to other standardized tests Become comfortable with the format of the AP Examination in Government and Politics that you are taking When you are practicing to take the exam simulate the conditions under which you will be taking the actual test You should practice under the same time constraints as well Stay calm and pace yourself After simulating the test only a couple of times you will boost your chances of doing well and you will be able to sit down for the actual test much more confidently Know the directions and format for each section of the exam Familiarizing yourself with the directions and format of the different test sections will not only save you time but will also ensure that you are familiar enough with the AP exam to avoid nervousness and the mistakes caused by being nervous Work on the easier questions first If you find yourself working too long on one question make a mark next to it in your test booklet and continue After you have answered all of the questions that you can go back to the ones you have skipped Use the process of elimination when you are unsure of an answer If you can eliminate three of the answer choices you have given yourself a fifty fifty chance of getting the item correct since there will only be two choices left from which to make a guess If you cannot eliminate at least three of the answer choices you may choose not to guess as you will be penalized one quarter of a point for every incorrect answer Questions not answered will not be counted Be sure that you are marking your answer in the circle that corresponds to the number of the question in the test booklet Since the multiple choice section is graded by machine marking the wrong answer will throw off your score *How to Get Into the Right Business School* James L.
